## Navy Prepares To Keep Merchant Fleet In Service

### Navy Prepares For Operation Of Merchant Fleet

Plan To Keep U. S. Merchant Fleet Operating In Event Of Maritime Strike

#### NEGOTIATIONS ARE BEING CONTINUED

WASHINGTON, June 4.—(INS)—The navy cleared its decks today for the job of operating the nation's merchant fleet in event of a strike of CIO maritime workers June 15.

Secretary of the Navy Forrestal ordered all naval stations to "line up" personnel to replace strikers. This was in line with President Truman's pledge to keep the ships sailing.

An appeal went out to the 2,400,000 officers and men discharged since V-J day for volunteers for active service during the strike emergency.

In addition, all shore stations and the de-activated Sixteenth and Nineteenth fleets were directed to comb their ranks for personnel on board experienced in handling and stowing cargo.

Negotiations Continue

The navy's action was taken while negotiations continued at the labor department for a peaceful settlement of the CIO maritime union's demands for higher wages and shorter working hours.

The unions have submitted two counter-proposals to their original demand for a 40-hour work week. The first proposed a 40-hour week ashore and 42 hours at sea, but was rejected by the ship owners.

The second counter-proposal, which the operators still are considering, is being rejected.

### PA NEW OBSERVES

City drinking fountains, which are usually in operation at this time of the year, are receiving their annual coat of green paint. The fountains are always popular spots for young and old, during the hot summer months.

Pa New is informed that Mrs. Dora Weatherly, of Epworth street, a Gold Star Mother, deserves much credit for the nice appearance of the Honor Roll located at Pearson and East Washington streets.

Mrs. Weatherly personally painted the flowers that are in the box in front of the roll and has provided funds to keep the board illuminated.

With the arrival of June, tradition month of brides, Pa New has noted an exceptionally large number of automobiles touring the city, well decorated, denoting that a wedding had just occurred or about to take place.

"Although the weather was cool yesterday the 1946 inaugural of the playground system was very satisfactory," Arthur B. Alexander, director of playgrounds reported today. Mr. Alexander said that all 12 playgrounds opened and with warm weather he anticipates crowds of children will increase.

Gardeners in this area are now making a survey to determine what amount of damage has been done to the gardens in the lowlands that were caught by the flood waters during the past week or so.

Mrs. Fred Greer, of R. D. 3, Pulaski, has found a small multi-plastic book in her attic and is curious about the date of publication. The book has a red cover, and the illustrations are old-fashioned wood-cuts. Under each picture

### Middle Of Road Policy For France Will Be Outlined

PARIS, June 4.—(INS)—Executive committee of France's three great political parties met today to re-cast national policy to conform with the middle-of-the-road mandate handed down by the electorate.

Victorious leaders of the centerist popular Republican movement (MRP) were ready to lead the newly-chosen constituent assembly toward framing a constitution for submission to a national referendum.

MRP plans were said to call for a two-house legislature and a government in which executive powers will be broad and strong.

A Communist-sponsored constitution conflicting with these aims met sharp defeat when voted upon last May 5.

Political circles said the "moderate" victory over Communist and Socialist candidates would give MRP almost immediate control of the interior-ministry and other key government agencies.

See Coalition

They predicted, however, that the new government would operate as a coalition between MRP, the Reds and Socialists, with some powers given the rightist radical socialist group.

Informed sources said they fully (Continued on Page Two)

### Ford Motor Co. To Build Huge Research Center

Announces \$50,000,000 Project For Dearborn—Will Take Eight Years To Complete

#### EIGHT BUILDINGS WILL BE INCLUDED

DETROIT, June 4.—(INS)—Henry Ford II, president of the Ford Motor company, today announced plans for a fifty million dollar research and engineering center, expected to take eight years to complete.

The project, which will comprise eight buildings on a 500-acre tract, will be dedicated to Henry Ford and the late Edsel Ford.

The buildings will be grouped around an artificial lake, 800 feet long and 350 feet wide.

The center will include the company's existing facilities: the engineering laboratory, the body engineering building, the weather tunnel and the test track.

The Ford announcement gave Detroit industrialists further assurance that Detroit will remain the automotive capital of the world.

Previously, General Motors Corp. announced plans for erecting a large research center in Warren township, where its laboratories will be located. This project is expected to cost \$20,000,000.

West Of Dearborn

The Ford project will be located west of Dearborn, Mich.

Young Ford stated that "research and engineering work on the mechanical problems of the automobile business will absorb the largest portions of space and budget in the new center."

He added that ground will be broken as soon as government regulations permit.

Buildings will include on each for administration and engineering, styling, dynamometer, engineering (Continued on Page Two)

### Axis Conspiracy Is Reviewed As Jap Trials Open

Prosecutor Keenan Calls Upon Tribunal To Set Example For Aggressors

#### TWENTY-SEVEN JAP LEADERS ON TRIAL

TOKYO, June 4.—(INS)—International Prosecutor Joseph B. Keenan called upon the international tribunal of the Far East today to set an example for future aggressors in punishing 27 Japanese wartime leaders charged with major war crimes.

Keenan opened the prosecution's case against Hideki Tojo and other defendants who led Japan into war and he reviewed the Axis conspiracy which brought "wholesale destruction in human lives" to the world.

In a 15,000-word opening statement, Keenan emphasized that "world action" against aggressors was essential in an era when destructive forces are so powerful "the world itself may be destroyed while legal niceties are being debated."

Reviews Axis Conspiracy

For three and one-half hours, Keenan reviewed the Axis conspiracy and declared that nine months before the Pearl Harbor attack, Nazi diplomat Joachim Von Ribbentrop and Japanese Ambassador Hiroshi Oshima, one of the defendants, agreed on a division of spoils between Japan and Germany.

Keenan charged that Japan's plan for world conquest was begun more than a generation ago. The (Continued on Page Two)

### Japan's Efforts To Dope World To Be Revealed

TOKYO, June 4.—(INS)—The sordid tale of Japan's efforts to dope a fifth of the world's population probably will be read into the trial of Hideki Tojo and the other Japanese accused of trying to subjugate the world.

With it will be its corollary—the story of the dope offensive that became a Frankenstein monster Japan wanted to destroy but couldn't.

Prosecutors of 11 nations have indicted Japan's former leaders for "pursuing a policy of weakening the will to resist of native inhabitants of territories which Japan designed to occupy," by secretly providing large sums, "to encourage increased production and consumption of opium and other narcotics."

Behind these legal phrases, official League of Nations reports tell how the people of the far east almost lost a battle against Japanese dope penetration aimed at destroying resistance to Nippon's dreams of conquest.

### Three More Plead Guilty In Sugar Black Markets

PITTSBURGH, June 4.—(INS)—Three more defendants pleaded guilty today to conspiracy and illegal use of ration checks in the Pittsburgh sugar black market.

The latest to enter pleas of guilty are Max Slutsky, a railroad salvage dealer to illegal use of ration checks, Harry Roth, to illegal transfer of ration checks, and David Lando to eight counts of conspiracy.

Sentence has not yet been pronounced.

### GEN. MACARTHUR CURBS SPENDING BY JAP WEALTHY

TOKYO, June 4.—(INS)—General MacArthur directed the Japanese government today to forbid members of ten more wealthy "Zaibatsu" families from spending any of their funds except for necessary living expenses and taxes.

As on previous action against the four biggest financial family combines, the latest directive was intended to prevent the Zaibatsu from evading the Allied Trust-Busting program with secret personal investments which some have already tried.

The Japanese government was told to demand a monthly accounting of projected living expenses and tax expenditures from the families in question.

### Senator Proposes Army Re-Inductions Be Banned By Law

WASHINGTON, June 4.—(INS)—Sen. Johnson, (D) Col., proposed today that the Senate write into the pending draft extension bill an absolute ban on the re-induction of men already honorably discharged from service.

Johnson said his amendment, which he planned to offer as debate resumed today, was prompted by reports that selective service "is putting men who have been honorably discharged in 1-A."

The outspoken westerner said he had received no information indicating that such veterans of World War II actually had been re-inducted.

His proposed amendment would grant honorably discharged servicemen an exemption from the draft but would not prevent their reclassification into 1-A.

Johnson was one of half a dozen military committee members expected to speak on the pending bill which calls for an extension of the draft until May 15, 1947—with an exemption for fathers but not for 18 and 19-year-olds.

### Byrnes Warns On Plan To End Meat Controls

WASHINGTON, June 4.—(INS)—The senate banking and currency committee was under pressure today from Secretary of State Byrnes to reverse its decision on ending meat controls June 30.

Several committee members revealed that Byrnes has warned that the proposal, if adopted by congress, would seriously affect the world food situation and make it impossible for the United States to carry out its international commitments.

Byrnes was represented as having expressed the belief that if price controls were terminated on meat there would be a tendency to feed wheat and other grains to livestock instead of selling them for human consumption. The result would be to reduce the amount of wheat, corn, etc., that could be sent to famine areas overseas.

Meanwhile, Sen. Wagner, (D) N. Y., committee chairman, declared that "There's a good possibility that the committee would reverse itself. Wagner said his group will be formally requested to change its decision before action is completed on the OPA bill."

Sen. McFarland, (D) Ariz., who sponsored the meat de-control amendment, said he was confident the committee would not reverse itself. The amendment was adopted by a vote of 10-8. The committee also approved 9-8 another McFarland amendment ending controls on dairy products June 30.

### Pauley Reports On Conditions In Northern Korea

SEOUL, June 4.—(INS)—U. S. Reparations Commissioner Edwin W. Pauley declared today that rumors of wholesale removal of industrial equipment by Russians in northern Korea apparently were unfounded.

In a prepared statement issued upon the return of his inspection party from the Russian occupation zone, Pauley said:

"Inasmuch as we heard rumors of substantial industrial equipment removals, I asked General I. M. Chistiakov (Russian occupation commander) the direct question as to whether there were removals and if so, what they were."

### REMOVE BOY FROM SCREW'S LUNG

PHILADELPHIA, June 4.—(INS)—Three-year-old Graham Somerville, of Auckland, New Zealand, was reported resting comfortably today following the removal of a screw from his lungs.

Graham was flown to Philadelphia nine days ago for treatment at the Chevalier Jackson Clinic at Temple University hospital after seven other operations had failed to dislodge the piece of metal.

Physicians said he will remain under observation for another week before starting the long trip home.

#### AWAIT FINAL COUNT ON REFERENDUM

ROME, June 4.—(INS)—The future of King Humbert II and the Royal House of Savoy rested precariously today on late returns from Italy's national referendum.

Mounting nation-wide totals indicated a deep north-south cleavage on the monarchial issue with advocates of the crown centered in the southern section of the country.

Voters in Milan and Bologna, strong leftist bastions in northern Italy, gave supporters of a republic a 2-to-1 lead over Monarchists in that area.

But powerful support for the crown was expressed in southern section of the country, and the trend fluctuated in some northern territory.

Issue In Doubt

Observers on both sides admitted the contest was close and the issue still in doubt. They predicted votes from Rome and central Italy would swing the scales.

In complete returns from the nation's two-day constituent assembly elections, which like the referendum ended yesterday noon, put the Christian Democrat (Catholic) party in the lead. The group's greatest strength was gathered in central and southern Italy.

Socialists were running second in nationwide returns and with the Communists piled up heavy tallies in the north.

Police officials said that despite early fears, the double elections were run off comparatively smooth, but a few instances of disorder were reported as Italians voted freely for the first time since fascism gripped the land, but they were not regarded as serious.

### Recruiting For National Guard Will Start Soon

Enlistments in reorganized Pennsylvania National Guard will start June 17, it was announced today and New Castle has been allocated three units in the new setup.

The battalion headquarters and headquarters battery of the 29th Field Artillery battalion, the service battery and the medical detachment will be located here, with a total of 177 enlisted men, 2 warrant officers and 21 commissioned officers. Lt. Col. George F. Mitchell will be the battalion commander.

In reorganizing the National Guard, Governor Edward Martin has issued a call for the highest type of young men for both enlisted and commissioned personnel. The entire Guard will include some 40,000 troops.

Enlist at Armory

Beginning June 17 and continuing through the summer enlistment officers will be stationed in the Joseph V. Cunningham Armory in Cascade Park. No summer camp will be held this year, it being the plan to recruit the division to strength before holding an encampment.

New Castle has had a National Guard unit since 1904. For many years it was a cavalry unit, then a mounted engineer's unit, then a cavalry unit and at the beginning of World War II a unit of heavy field artillery.

The new National Guard will be the second line of defense for the nation, the regular army and navy troops being the first line. It is planned to build the new National Guard into a strong, efficient arm of the military.

### WATERS RECEDING AT PITTSBURGH

PITTSBURGH, June 4.—(INS)—All danger of flood in the Pittsburgh area, following a swift rise to within a foot of the overflow stage, were "definitely removed" today according to Weatherman John J. Murphy.

Murphy reported the river falling at two-inches an hour from the 24-foot level reached yesterday. He said heavy weekend rain were responsible for the flash floods but that no more were in sight.

### New Jersey Has Primary Election

TRENTON, N. J., June 4.—(INS)—New Jersey voters trooped to the polls today to nominate party candidates for governor, U. S. senator, 14 seats in the lower house of congress, seven state senators, 60 assemblymen and county and municipal officers.

Hottest contest was in the Republican gubernatorial primary with the leading contenders former Gov. Harold G. Hoffman and Alfred J. Driscoll, who is favored by Gov. Walter E. Edge. Running independently is former Gov. Charles Edison, son of the late inventor Thomas A. Edison, who will withdraw from the election race if Driscoll is nominated.

In the Democratic column, former Jersey City Judge Lewis G. Hansen, designated for the governorship race by the Hague Democratic organization, is unopposed.

### MERCER CONTRACT LET

## District Council Gets Under Way At Pentecostal Church

Public Meeting Monday Evening  
Opens Three-Day Conference Of  
Delegates From Two States

Monday evening 150 of the anticipated 250 delegates of the District Council of the Assemblies of God, which is made up from churches in Pennsylvania and Delaware, assembled in the First Pentecostal church, Pearson and Epworth streets for the first public meeting of a three day session of the pastors and lay delegates.

This morning, the first business meeting of the conference got under way, with eastern district superintendent, Rev. Newton Chase, former pastor of the host church, directing the session. Routine business was taken up.

Rev. Noel Perkins, of Springfield, Mo., secretary-treasurer of Missions of the Assemblies of God, is present and is meeting with the delegates. He will bring the evening messages of the conference, which services are the only ones that are open to the public. The night services are 7:30 o'clock.

Also present for the sessions, is Rev. F. F. Reidenbach, secretary-treasurer of the eastern district, who arrived in the city Saturday, speaking in the Pentecostal churches of the county.

Rev. James Menzie is pastor of the host church.

## HUNT MISSING MAN

SOMERSET, Pa., June 4. (INS)—Fifty searchers hunted in woods along the swollen Casselman river today for Frank Knopsnyder, 73, missing from his home in nearby Rockwood.

Search leaders said Knopsnyder may have fallen into the river. They said he suffered a stroke last year and had been in ill health.

## SENATOR PROPOSES ARMY RE-INDUCTIONS BE BANNED BY LAW

(Continued from Page One)

In order to keep American military might and prestige unweakened in the struggle to assure world peace, Austin regards draft extension as a vital factor in the overall problem of making the United Nations a success.

Senate leaders figured that two or three days would dispose of the Senate draft measure and give the way for consideration starting next week of the OPA extension bill.

The real work on the selective service bill, they conceded, will come when the measure gets to a House-Senate conference committee where the ultimate compromise will be written. The House-passed bill extends the draft only until next February 15, bans induction of teenage youths and fathers, and suspends induction until October 15 of this year, when the President may order them resumed.

## Need 18-19-Year-Olds

Army spokesmen said they could meet their goals of 1,550,000 men in July 1, 1946 and 1,070,000 on July 1, 1947 with the House "holiday" on inductions. But they warned leaders in both branches that the men would not be found if 18 and 19-year-olds were exempted.

The War department warned that teen-age exemptions already are slashing voluntary enlistments and threatening overseas demobilization.

The department expressed "grave concern" in announcing a decline in enlistments from a 2,371 daily average in March, to 2,129 in April and 1,560 in three weeks of May.

expected Foreign Minister Georges Bidault, an MRP member, will be called upon to replace the Socialist Felix Gouin as provisional president.

Returns from metropolitan France and North Africa showed the MRP gained more than one million votes in the election, while the Communists gained about 140 thousand. Leon Blum's Socialists lost some 3,400.

An MRP spokesman attributed much of the party's success to ballots cast by women enjoying their franchise for the first time. He said leftist appeals were largely ignored by the new voting bloc.

so what they consisted of. General Chistiakov stated that there were no removals of industrial equipment of any kind to the Soviet Union.

Pauley said that his entire party was "particularly observant to see if there were evidence of such removals having taken place." He added:

## Only Minor

"Only one two or three occasions did we view anything that could indicate that such removals had taken place and those only to a minor extent. One was a railroad where we passed a train loaded with miscellaneous machine tools and two cars of heavy copper wire. This may have been going between points in Korea."

Pauley declared that the other instances of evidence of possible removals were seen at "power substations where electrical and transformer equipment had been taken out or was packaged ready for shipment." He pointed out that these materials also "could well have been for intra-Korean movement."

The American representative said that the trip of his party which began last Wednesday was "well planned and prepared by the Soviet authorities" and made no mention of previous reports that he had proposed against travel restriction placed on the investigators by Soviet officials.

Pa. News espied a novel idea that was being worked out by two teen aged youngsters on the old Ellwood road during a recent trip to the country. ## AXIS CONSPIRACY IS REVIEWED AS JAP TRIALS OPEN

prosecutor traced the plan from the time militarists injected Japan's schools with the idea that "future progress of Japan was dependent upon views of conquest." He reviewed the period when Japan's leaders decided it was necessary to divide the spoils with the Axis and then ignited the Pacific war with the attack on Pearl Harbor.

Law of Self-Preservation

Keenan declared that the elevenation tribunal set up to try Japan's wartime leaders was following the "first law of nature"—self-preservation.

The prosecutor said that he realized the "weakness of deterring influence" against crime but added:

"With great respect we point out to this tribunal that such finding may well prevent such individuals from gaining seats of authority or positions of influence in their own community."

The American attorney stressed that Tojo and the other defendants were the "human agents" for Japan's war crimes.

Keenan charged that the defendants were responsible for direct military alliance made with Germany and Italy as far back as 1936 and that even at that time Japan began thinking of war with the United States and other democracies.

The prosecutor declared that every incident which Japan used to expand her military influence was planned by military, political and diplomatic leaders.

In the engineroom, one relief fireman and one relief oiler; on deck, two relief seamen; in the steward's department, one relief cook and two relief messmen.

## "Relief System"

The unions said the "relief system" would require some overtime to be worked, with premium were after 40 hours. Negotiations were to be resumed at 11 a. m. EST. today on the latest hours proposal.

Maritime commission spokesmen said approximately 175,000 of the country's 230,000 merchant seamen currently are "employed"—either at sea or signed up for voyages. The CIO has about 118,000 seamen and the AFL 57,000.

Officials do not anticipate strike action by crews while they are at sea or foreign ports.

Moreover, maritime commission representatives pointed out that crews on tankers—hauling gasoline and oil—are unaffiliated with the CIO unions planning the strike action.

proved one of the trouble spots. Authorities were forced to order all loudspeakers in the city turned off today when Monarchists and Republicans rioted in the Plaza Duomo, where they had gathered to listen to returns.

The interior ministry in Rome also banned all loudspeaker reports on results after several demonstrations broke out in the capital.

King Humbert II, whose future as a monarch depends on the outcome of the referendum, voted early and posted himself at a radio to listen to results. Queen Maria Jose declared to a lady-in-waiting that she still has "faith in the Italian people."

sion in nearly two weeks. But the matter of selecting a spokesman for the United States government was way up in the air.

Ordinarily when a man resigns from such an important post as that which Stettinius relinquished, three or four names are immediately bandied about in the public prints as his successor.

## Large Void Left

Stettinius, however, seems to have left a large void. In the past five days few acceptable names have been suggested from the well-known Washington listening posts to replace him.

It generally is conceded that the new U. S. delegate must have money, because the job entails expenditures far and above the \$20,000 he will get paid.

More important, the White House and the State Department are looking for a "strong man."

There are eleven nations represented on the Security Council. The other ten are extremely able, tough, and well-versed in world politics.

Stettinius returned to New York last night with the satisfaction that President Truman had written him a flowing, but reluctant letter accepting his resignation.

FAITH

We have always contended that the head of every family should own a lot in some cemetery before they needed it, and are in the state of mind that they know just what they are getting.

When buying a burial lot, be sure and buy one in a cemetery where you have a little say, as to the use of same, and where your funeral director, whom you know and trust, is allowed to continue his services until the funeral is over, and not be compelled to let a cemetery attendant, who in all probability you have never met before, take charge when entering the cemetery, because some cemetery manager has made that ruling.

## G. W. WHITTAKERS GIVE DINNER PARTY

Mr. and Mrs. G. Ward Whittaker, 228 East Sheridan avenue, entertained at a delightful 7 o'clock dinner party Saturday evening at their home for a bride-elect of this month, Miss Polly Butz, and her fiancé, George Steck, Jr., of Oil City.

Cards were in play during the evening following dinner.

Among those present were a bride-elect of June 15, Miss Joan Young, who will be a bridesmaid for Miss Butz at her wedding on June 19, and John Orville Potter, Jr., Miss Young's fiancé, who will be Mr. Steck's best man.

Mr. Steck has asked Mr. Whittaker to be an usher.

The wedding will be solemnized at a ceremony at 4:30 o'clock in the afternoon in Trinity Episcopal church on Wednesday, June 19.

## ELTEKON CLASS ELECTS OFFICERS

Eltekon class members of the First Methodist church were entertained at their May meeting in the home of Mr. and Mrs. Sidney L. Lockley, of 924 Marshall avenue.

Michael Bowden presided at the business session, when officers for the ensuing year were elected. They follow: president, Thomas Salisbury; vice president, Mrs. Sidney L. Lockley; secretary, Mrs. Dallas W. Smith; and treasurer, W. P. Stephenson.

Devotionals were conducted by Mrs. Fred Brinkley.

Various games, under the supervision of Mr. Lockley and Mr. Stephenson, were enjoyed, with prizes being awarded Mrs. Michael Bowden and Mrs. Walter Moore.

Refreshments were served later by the hostess, aided by her committee, Mr. and Mrs. Richard Marquis and Mr. and Mrs. W. P. Stephenson.

## COUNTY GARDEN CLUB THURSDAY

Lawrence County Garden club will be entertained for one o'clock luncheon and its June meeting Thursday afternoon, June 6, at the home of Mrs. John E. Elliott, Berger place.

Members plan each to take a plant for a plant exchange that will be a feature of the program.

Mrs. T. A. Clark will speak on "Perennials."

1919 Kensington

1919 Kensington meeting has been postponed from today until Tuesday, June 18, at the home of Mrs. Anne Johnson, Oak street.

## MILLER-BYERS WEDDING EVENT

At a lovely candlelight ceremony in the New Wilmington Methodist church Saturday evening at 7:30 o'clock, Miss Lucille Miller, daughter of Mrs. Anna Miller of R. D. 5, became the bride of William Wyllie Byers, son of Mr. and Mrs. James P. Byers of Pulaski.

Before an altar banked with palms and clobium ferns and lighted by white tapers in seven-branched candelabra, the ceremony was performed by Rev. John A. Fetzer.

To the strains of the wedding procession from Lohengrin, the bride entered on the arm of her maternal grandfather, John W. Cox. She wore a train-length gown of white satin, the bodice fashioned with a sweetheart neckline and embroidered with seed pearls. Her fingertip veil fell from a Juliet cap of seed pearls. She carried white roses and snapdragons and wore a strand of pearls, gift from the groom.

She was attended by her sister, Miss Katherine Miller, maid of honor, who wore a gown of pink taffeta and tulle overskirt, and Mrs. Lillian Sloan, matron of honor, in a gown of the same style in blue. Both wore headbands of pink carnations and carried bouquets of mixed flowers.

Robert Moose was best man for the groom and ushers were Walker Miller, brother of the bride, and Allen Miller.

Preceding and throughout the ceremony, Mrs. Harold Burns, organist, played a recital of nuptial music and Miss Joan Cox, cousin of the bride, sang "Through the Years, Because, All for You, and the Lord's Prayer."

Following the ceremony, there was a reception for 150 guests in the church parlors. The bride's table was decorated with orange blossoms, lighted candles and in the center by the four-tiered bride's cake later cut by the bride and groom.

Guests were served at a buffet table beautifully decorated with a centerpiece of pink roses and orange blossoms. Miss Katherine Bott, Miss Esther McQuiston, Miss Caroline Cox, Miss Lydia Byers, Miss Mary Ellen Byers and Miss Genevieve Dick were aides.

The newlyweds left for a wedding trip to Niagara Falls, Buffalo and points in Canada.

After June 15, Mr. and Mrs. Byers will be at home to their friends with the groom's parents, Pulaski R. D. 2.

Preceding the rehearsal on Friday evening, May 31, Mr. and Mrs. James Byers entertained the bridal party for dinner at their home.

## RAINBOW DANCE AT CASCADE FRIDAY

Indications point to a record attendance for the Spring Dance of the Order of the Rainbow for Girls, which will take place at Rainbow Terrace, Cascade Park, on Friday evening, June 7, the hours being from 9 to 12.

Several new features will be introduced, which will include a grand march, led by the Past Worthy Advisors, their escorts, and the present corps of officers and their escorts. A well known band has been secured for the occasion.

It is stated by Mrs. George D. Reid, chairman from the Advisory Board, that those who had attended previous dances of the Rainbow, but who did not receive invitations to this event, will be welcome. This will take care of many young people who have been in service, or who have been away at school.

The dance will be semi-formal and members of the Advisory Board will serve as chaperons. Miss Susan Elder, ticket chairman, has Miss Harriette Brinton, present worthy advisor and her officers, and Miss Marcia Bollard, junior past worthy advisor and her officers, as her committee.

A large number are expected to attend from the Ellwood City assembly, as well as from other nearby surrounding points.

HADASSAH GROUPS  
DANCE THURSDAY

Senior and Junior Hadassah groups have completed all plans for their early summer dance event, scheduled for Thursday evening, June 6, at the New Castle Field club.

A popular orchestra has been engaged to provide the dance melodies for the evening.

Miss Irene Greenburg is the general chairman of the dance.

## LA VONNE KILCH SHOWER HONOREE

Mrs. Emerson Day entertained a group of friends at a delightful shower Friday evening in honor of her niece, Miss La Vonne Kilch, a bride-elect of June, in the home of Mrs. J. H. Doyle, of Highland avenue.

Various games and contests were enjoyed during the evening.

Later the honoree was presented with an array of attractive gifts of a miscellaneous nature to be used in her new home.

Dainty refreshments were served by Mrs. Day, aided by Mrs. W. J. Kilch and Mrs. Doyle.

Miss Kilch was also honored at another miscellaneous shower on a recent evening, when Miss Virginia Simpson, of Enon Valley, entertained in her home.

Miss Kilch, daughter of Mr. and Mrs. W. J. Kilch, of 409 18th avenue, Riverview, Beaver Falls, will become the bride of James R. Doyle, son of Mr. and Mrs. J. H. Doyle, of 1105 Highland avenue, this city, at an open church ceremony to be performed Tuesday evening, June 11, at 7:30 o'clock in the First Methodist church of this city. Dr. Burr McKnight will officiate at the wedding.

REVA LOVE WILL  
BE JUNE BRIDE

Mr. and Mrs. Nathan J. Love, of 1009 North Mercer street, announce the engagement of their daughter, Reva Pearl Love, to Dr. Morris A. Rack, of McKeesport.

The engagement will terminate in a late June wedding.

Miss Love has for the past several years been librarian of the Glassport Senior High school.

MRS. JOHN F. LOVE  
TO PRESENT RECITAL

Mrs. John F. Love will present her students in a piano recital Thursday evening, June 6, in the Central Presbyterian church at 7:45 o'clock.

Soloist of the evening will be Mrs. Dorothy Gormley Smith.

## NEWLYWEDS RETURN; AT HOME IN WAMPUM

Mr. and Mrs. Donald Arthur Boots, newlyweds of Tuesday, May 28, have returned from a wedding trip to Syracuse, N. Y., and have taken up residence in Wampum. Their wedding was solemnized in the parsonage of the Harmony Baptist church at 7:30 o'clock in the evening.

The bride is the former Miss Winifred Joan Currie, daughter of Mr. and Mrs. Harold Currie of Wampum R. D., and the groom is the son of Mr. and Mrs. Clarence Boots of Wampum.

Rev. Earl E. Collins officiated at the double ring service in the presence of about 30 relatives. Flowers of the season banked the fireplace of the parsonage as a setting for the ceremony.

Miss June Currie attended her sister as maid of honor, and Ray Householder of Wampum was best man for his cousin. The bride was given in marriage by her father.

Wedding music was played by Miss Ann Paton at the piano and Miss Delores Bruno was soloist.

Following the ceremony, there was a reception for 70 guests at the home of the bride's parents. The small bride and groom dolls atop the cake and the bride's paternal grandparents, Mr. and Mrs. W. E. Currie, Butler road, when they celebrated their golden wedding anniversary more than three years ago.

Mrs. Boots is a member of the class that graduated Wednesday, May 29, from Shenango high school. Mr. Boots, recently discharged from the Marine Corps after service that included 28 months in the South Pacific, is in the contracting business with his father.

Aides at the wedding reception were Mrs. Hazel Adams, Mrs. Phyllis Leach and Mrs. Avera Murphy, all of Ellwood City, and Mrs. Dale Currie of the Butler road.

While in Syracuse the couple visited with the bride's brother, Norman Currie, a medical student at Syracuse university.

### Another One Is Looming

Only now getting its breath from one transportation tieup which was strangling the economy of the country, the American public is faced with the possibility of a strike by seamen's unions, which would still the engines of practically all the U. S. merchant marine. Here again, it will be the general public which will pay most, if and when this strike is called.

To Americans it would mean a temporary absence of many of the items of everyday living which are taken for granted. One might expect an early halt to such foodstuffs as sugar, coffee, bananas, spices. Many industries again would be compelled to shut down and once again the nation's limping reconversion would slow down to a mere dawdle.

Critical as the effects of this contemplated strike might be in America, the consequences abroad might be even more serious. The United States now owns two-thirds of the world's merchant shipping, which makes this nation the most important controlling factor in international trade. If American ships lie at their piers while negotiators wrangle over conference tables, the world is sure to suffer.

Joseph Curran, president of the powerful National Maritime Union, has given his assurance that relief and troop ships would go through as usual, but he declined to comment on the possible disposition of vessels carrying mixed cargoes, both relief and commercial. This matter would be decided by local port committees. Here is ample room for controversy. The participating maritime unions have set June 15 for strike action. America again is at the mercy of a few men.

### Roof Of The Continent.

Canada and the United States, whose unfortified common border long has been a symbol to the world of how neighbors should live with their neighbors in harmony, have moved now even closer together, this time in the interest of their mutual security. A joint Arctic defense plan has been announced in Ottawa and Washington.

The plan calls for the same close cooperation in peace for the defense of North America as existed during the war. The United States and Canada jointly will maintain defense bases and weather stations at the top of the continent. They will devise and use suitable equipment and their Arctic forces will be coordinated and armed with the same weapons.

The joint defense plan is not an alliance, but it involves the precedent of a free commonwealth in the British association of nations associating itself in a military agreement with another nation.

The announcement follows completion of Operation Musk-Ox, which was a test of military equipment in the far northland, which is generally conceded to have proved that the north is no longer impenetrable. Improvements in equipment for warfare there were indicated by the maneuver.

Not mentioned in the official announcement of the defense plan is the fact that one of the great sources of uranium in the world is within the Canadian Arctic Circle.

### Food Subsidies

It is easy to understand why Price Administrator Bowles tries to shift the "blame" for the higher milk and butter prices he has put into effect. Naturally he would like to divert consumer protests to some other target.

Of course, he is justified in saying that higher prices are necessary to maintain production because of increased feed costs and, to a much lesser extent, because of the "apparent congressional determination to slash food subsidies." Farmers are paying more for feed and Congress is in no mood to prolong the dairy products subsidy, which is now running at the rate of \$50 million dollars a year.

Mr. Bowles has made it clear that he hopes the public will put pressure on Congress to continue the present subsidy. He says that further sharp increases in the prices of butter and milk will be necessary after July 1 if cuts are approved. The inference is that holding subsidy payments at their present levels is bad and that slashing them would be worse.

From his point of view that thesis may seem sound. But the arguments presented in behalf of subsidies during the war were far from convincing. They are absurd today. Living costs were to be held down during the conflict to keep wages in line—at the highest level in history—and things have not worked out as planned.

It is necessary to make a beginning at eliminating the subsidy program at some time because it adds to inflationary pressures and distorts normal price relationships.

### Too Much Secrecy On Food

Such matters seem to be so casually handled that the retention, in the Department of Agriculture, of rigid wartime secrecy regarding food estimates and allocations has hitherto been completely unknown to the American people.

So it is something of a shock when Representative Thomas A. Jenkins, writing for the Republican Food Study committee, demands of Secretary of Agriculture Anderson that the secrecy restrictions be removed.

For no reason that even a bureaucrat could think up, it is still a crime, punishable by severe penalties, for anyone to dare to disclose how much food the Agriculture department can see coming, and where it is to be sent—to our own fighting services, to allies, or elsewhere.

The run-of-the-mill American, who is willing to take darker bread and less of it—especially if he could get just a little more butter to go on it—has amply demonstrated the enlightened wisdom and innate humanity which call on us to help other people.

If the methods and policies being pursued in figuring stocks of food available and in prospect and in distributing them are right, Mr. Average American should be told what's going on. And if they're wrong, he should be in a position to learn forthwith what mistakes are being made.

The silly secrecy about America's food should be ended, right now. If there are other blockades on information surviving from the war, they also should be eliminated.—Philadelphia Inquirer.

Pictures of Mahatma Gandhi show him all dressed up. He now carries a watch.

Things have now progressed to the point that gray bread is being on the black market.

The next war will be in 1970, according to a fortune teller. Is that what the Chinese are warning up for?

### WASHINGTON CALLING

by MARQUIS CHILDS

#### President Is Facing Price Control Decision

WASHINGTON, June 4.—There should be a useful handbook called "how to write a veto message." President Truman could use a copy just now.

It is not merely the dilemma of controversial labor legislation which is before him. One day soon, congress will out on the president's desk an act renewing price control. But it will be so moth-eaten and tattered that the president may be compelled to reject it.

In the upsurge over the strikes, the public has hardly been aware of the way in which the senate banking and currency committee has taken the stuffing out of price control. The committee has approved amendments which would take off ceilings on livestock, poultry, eggs and dairy products, effective June 30.

That would knock price control right out the window. But it would do more than that. It would channel grain in even greater proportion than today into the feeding of animals for quick profit.

Consequently, grain for relief would disappear unless ceiling were quickly taken off grains. So there, like a house of cards, the already weakened control system goes tumbling down.

Must Be Vetoed

Economic Stabilizer Chester Bowles has made his position plain. He says that such a bill must be vetoed. It is sure he is saying in private to everyone who will listen.

But it will be, nevertheless, a tough decision for the president if only because of the timing. As it appears now, the new price control act, or what will be called a price control act, should land on the president's desk about June 15.

On June 30 the present OPA act expires.

If the president vetoes the bill, there will be only one chance of saving price control. That will be through a concurrent resolution, adopted by both houses, extending the present act for nine months or a year.

Up To Congress

With a sharp veto message, the president could set the issue up to congress. He could say that the bill sent him by congress was a mockery of price control. He could say it would be better to do away with it entirely and save the money spent on OPA's staff than to go through with such a farce.

That would take political courage. It would be a gamble. The way political melodrama is played, two weeks is a short time in which to save the train from the onrushing engine of inflation.

There will certainly be pulling and hauling among the men close to the president. At his right hand, almost as persistent as his shadow, is John W. Snyder's advice is all wait-and-see. The risk of a veto would frighten the timid Snyder.

Result Uncertain

It can be said with certainty that Bowles would not preside over an OPA that had been cut to pieces. It has been difficult to hold even the semblance of a line with the present act under the pressure of wage-price increases. In the recent order raising the price of dairy products, Bowles' motive was in part to take off the pressure for increases piling up on congress.

Whether it will have any appreciable effect in that direction is a question. The appetite for more sometimes seems insatiable.

Bowles is convinced that food prices will jump 20 per cent immediately if controls are taken off and the subsidies dropped. That will be only the beginning. Processors and handlers along the way will tack on their extra freight charges. The possibility, as Bowles sees it, is for increases within a year of from 40 or 50 per cent to 150 per cent.

Peril Of Inflation

For more alarmist is chairman Marriner S. Eccles of the Federal Reserve Board. He called Bowles' estimates "ultra-conservative." Several times publicly, Eccles has made cassandra-like prophecies of the imminent peril of inflation.

Such a price spiral as Eccles foresees, if all the brakes are taken off, would start what the atomic scientists call a chain reaction. Labor would immediately agitate for higher wages. The round of strikes would start again.

The tragic thing, of course, is that congress has let price control go until the eleventh hour. Naturally, manufacturers are holding goods off the market. If the boom-bust rush begins, we will have one small satisfaction. At least we will know the pressure groups to blame, for they have spent millions in advertising their purpose.

#### OPERATION

Oh, the sad and anxious faces when a loved one faces Doom  
And has made that lonely journey to the operating room  
Oh, the tedious minutes dragging for the ones who wait below—  
The longest time and dearest that mortals ever know!

I've sat it through and struggled to think of cheering words to say.  
I've seen the worried loved ones turn their heads and look away.  
For their minds were in a white room on the building's upper floor.  
And they had no heart for chatter till the surgeon's work was over.

Oh, the cries of exultation and the tears of gladness shed  
When the white-gowned doctor entered and "All's well!" to us he said.  
"Now your anxious hours are over. It's good news I have to tell. Just a few more days of anguish, and then up again and well!"

CHICAGO—General Dwight D. Eisenhower, "Men acquainted with the battlefield will not be found among the numbers that glibly talk of another war. . . Veterans will work and sweat and sacrifice to prevent the recurrence of such a tragedy."

WASHINGTON—Sumner Welles, former under-secretary of state, "What is needed more than anything else is American initiative for the purpose of securing that kind of an understanding with the Soviet Union which will abolish fear. Unless fear is abolished, we will have no hope of achieving one world."

OXFORD, O.—Fleet Admiral Ernest J. King: "An efficient citizen, naval and military reserve can be obtained—and maintained—only through universal military training."

READING, Pa.—Spruille Braden, assistant secretary of state: "There are those who advocate that our government make deals with foreign dictators. It is infinitely wiser for this nation—for every nation—to renounce momentarily advantages, allying though they may be, rather than for the sake of them to sacrifice its reputation and its influence."

It might be summer on your list but this morning saw felt like fall was just around the corner. Out our way it was down to 40 perhaps it was even cooler in other places. . . no doubt East Brook Station (the coldest place within many many miles) will probably come along with a real low mercury.

To warm things up we pass along a few more questions and answers concerning the Veterans and that famous and much talked about proposition the GI Bill of Rights.

Q—I recently had my annual pension examination by a local doctor, and now a letter has come from the VA saying that my pension will be reduced in 60 days. But I don't think I'm any better. Can I do anything to prevent its being reduced?

A—Submit to the VA additional evidence to show that the reduction is not warranted, in the form of affidavits of physicians or of others who know of your condition.

Q—Can I receive a pension for a partial, non-service connected disability?

A—There is no pension allowed for non-service connected partial disability. If you are totally and permanently disabled, however, and unable to work, you may file with VA, VA form 520-E, together with medical evidence in support of your claim, and if found eligible, you are entitled to \$50 per month for 10 years, after which the pension is increased to \$60.

Q—Will a veteran's right to obtain a loan guarantee under the G. I. Bill continue indefinitely?

A—No. A veteran may obtain a loan guarantee from the VA any time up to 10 years after the official end of the present war.

Q—May a lender require security, in addition to the property being purchased, if the lender is not satisfied with the loan without additional security?

A—Yes. This is a matter between the veteran and the lender. The VA does not object to its being given if the veteran is willing to give it.

#### President And Case Bill Attitude

WASHINGTON, June 4. THE gifted journalistic observers who habitually report not only exactly what the President says to his confidential advisers but also his motives, purposes, inner thoughts and feelings, appear to have agreed among themselves that he will veto the Case bill. Probably they are right, though to one less intimately informed of the presidential mind and heart it does not make a great deal of sense.

THE Case bill, it will be recalled, was passed first in the House by an overwhelming majority. Then, after it had been emasculated by the CIO-packed Senate committee, the Senate restored its health on the floor, sent it back to the House which again passed it by a big vote. It reached the President on Memorial Day. No one claims it is a completely comprehensive bill, but it is a sound one and it does contain some corrective and regulatory features obviously in the public interest but vehemently opposed by the labor lobby and radical press. Instead of an emergency bill, such as was passed by the Senate on Friday, the Case bill sets a long range labor policy—the first of that kind to be passed in a long time.

NOW, despite the fact that in both House and Senate more than a majority of Mr. Truman's own party voted for this bill, he is being urged by certain close advisers to veto it. Thus, it is claimed, he might regain the favor of the enraged labor leaders and professional liberals who, though their shining hero, the late Mr. Roosevelt, did precisely the same thing three separate times, have been berating Mr. Truman like a pickpocket because, in an emergency, he asked power to draft strikers against the Government who thus imperil the lives and health of the people.

IT is further asserted by the afore-said leaders of the presidential mind that, as additional appeasement of labor, Mr. Truman will name as Chief Justice of the Supreme Court, Secretary of the Treasury Fred Vinson, the Kentucky politician who in the last three years has held more public positions for a shorter time than anyone else in political history. Mr. Vinson is represented as a hot favorite of the raging CIO bosses, a real blow-in-the-battle "liberal," a very forward-looking man, indeed. And, also against "stabbing labor in the back," which is the liberal way of describing any effort to curb the dangerous power which the union bosses have acquired.

WHETHER or not this is an accurate description of Mr. Vinson is beside the mark. But his appointment, plus the veto of the Case bill, are put forth as the price of "labor's forgiveness," and the assertion is solemnly made that Mr. Truman, advised by, among others, Mr. Hannegan, is about to pay the price. It is to be devoutly hoped that this, like some other recent prediction, turns out to be wrong.

IT is, of course, more than a little insulting to Mr. Truman to suggest that he would be motivated in these two important matters solely by a craven desire to gain political support. Certainly, it is conceivable that he might consider the Case bill bad and Mr. Vinson good. Also, it seems a reflection upon his intelligence to suggest that he should think if he pays the price he would get what he paid for. For, that he would not. The labor bosses would accept his gift but retain their contempt and hostility. Actually, these would be enhanced by the knowledge that he was afraid of them.

NATURALLY, he would lose the respect and support of the millions of citizens who warmed to him when he denounced the arrogant men who were threatening the nation with disaster and asked for drastic laws to make such a threat impossible again. Indeed, there seems no way in which Mr. Truman could do himself more political harm than by adopting these suggestions. In addition, it would appear illogical and absurd to veto the Case bill, for which more than three-fourths of Congress voted and which might be passed over his veto, when he himself had proposed measures far more drastic. Perhaps those mind readers above mentioned may be right—but it will be hard to understand and even harder to explain—a bad bargain for Mr. Truman, a worse one for the country.

## LOOKING AT LIFE

By ERICH BRANDEIS

A friend of mine just got his new car, a bright and shiny 1946 model.

He looked at it very proudly and was all ready to take his family for a ride.

Then he looked at it again. There were no bumpers on the car.

There were no hubcaps. Where the manufacturer usually affixes his emblem there were four holes but no emblem.

On the dashboard, where the clock is supposed to be, there was a big hole, likewise in the space for the radio.

He opened the trunk compartment. No spare tire.

The paint job was so bad that the undercoat showed in several places. There was plenty of chromium work but much of it was blistered and already beginning to peel.

He took the car back to his dealer. The dealer shook his head.

"That's the way they all come through," he said, "I get about five a month and consider myself lucky at that."

I don't know whether the workmen deliberately do a sloppy job, or whether they can't get decent stuff—but there's nothing I can do about it. Everybody is crying for automobiles and apparently glad to get any old kind of junk.

I have seen many of these new cars. Some of them have wooden bumpers, some haven't any. Plastic door handles, instead of metal, are a common occurrence. The upholstery is made of shoddy material and all kinds of substitutes are being used.

I blame the strikes and the general discontent and, above all, I blame our administration, which almost a year after the end of the war, tells us that we have never been so well off in our lives and that things were worse after the last war.

My own car is seven years old. It consumes a terrific amount of oil, its wiring is bad; it hasn't much power left, the upholstery is shabby and the fenders are bent. I ordered a new car last October—but there isn't a chance of delivery until late this fall.

I have cancelled my order and am

HOOVER AND BOWLES

Mr. Bowles puts on one of his regular acts, waving his hands and yelling for a return to food rationing. He says the old stamp book and tokens must come back if Europe and the world at large are to survive. Mr. Bowles has never taken a first hand look at Europe or China or India or anywhere else save Washington.

Mr. Hoover says that rationing of food is unnecessary—that voluntary saving will do the job. He throws no hysterics about the famine situation abroad, although impressing its seriousness upon the people. Mr. Hoover has covered practically the whole world, with the exception of South Africa, and knows exactly what he is talking about. His observations are based upon previous experience, when he fed several millions following World War I.

The difference in viewpoint between Mr. Bowles and Mr. Hoover is not hard to understand. Mr. Hoover has no government job, no army of payrollers to keep at the public trough, no political ambitions. He is trying to serve humanity just because he feels it to be his duty. Mr. Bowles, well, figure it out for yourself.

### ANOTHER "A" BOMB TEST COMING UP

## Power Of Federal Courts On Rent Refunds Upheld

WASHINGTON, June 4.—(INS)—The supreme court Monday sustained the power of the federal courts to order refund of rent overcharges under the price control act.

The high tribunal reversed an eighth circuit court of appeals ruling that law gave the lower federal bench power to enjoin violation of rental ceilings but not to order restitution of overpayments.

The question was brought to the high court on the appeal of the price administrator from circuit court decision in a suit against the Warner Holding Co., owner of eight apartment buildings in Minneapolis, Minn.

In a four to three decision, the court ruled that when the administrator seeks restitution of overcharges "he asks the court to act in the public interest by restoring the status quo and ordering the return of that which rightfully belongs to the purchaser or tenant."

Justice Murphy, writing the majority opinion, declared he could find no provision of the rent control act that expressly or impliedly prevented a court from ordering restitution.

He added that the exercise of the court's function to order refund was "consistent with the statutory language and policy, the legislative background and the public interest."

## Rotary Now Has 275,000 Members

Some 5,763 Club In Operation In 42 Countries Is Report To Atlantic City Convention

ATLANTIC CITY, June 4.—(INS)—Secretary Philip Lovejoy of Chicago reported that Rotary International has reached the highest peak in its 41-year history with more than 275,000 members enrolled in 5,763 clubs in 42 countries.

In an annual report to be submitted to the approximately 16,000 delegates, members and their families at the 37th annual convention of Rotary International which opened Monday night, Lovejoy revealed that 232 clubs have been admitted to membership in the last 11 months.

He also reported that 105 clubs in Europe and the far east that ceased to function during the war now have been re-established. Only ten clubs in war-affected countries still are listed as inactive.

A report by Treasurer Richard E. Verner, Chicago, listed the income of Rotary International at its highest level with surplus and reserves of \$1,075,798 at the close of the fiscal year.

As of March 31, 1946, the treasurer's accounting listed cash of the organization at \$674,302. The report revealed that Rotary has \$463,089 invested in United States government war and treasury bonds.

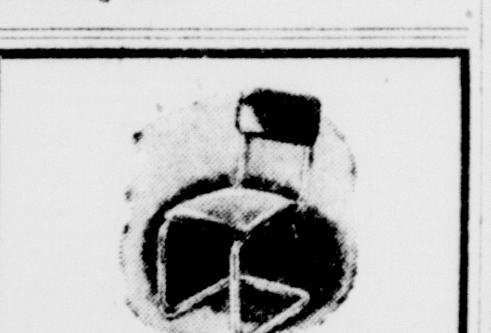

The board of trustees of the Rotary foundation reported net actual assets of the foundation at \$525,633. Of this sum, \$102,490 is part of the fund for war-affected Rotarians.

## Report 25,150 Persons Getting State Assistance

During the week ending May 25, the department of public assistance in Pennsylvania reported an increase of 184 cases, bringing the total of individuals and families aid to 25,150.

Lawrence County showed the following breakdown of the state total: 2,332 persons receiving assistance in the entire county; 424 persons getting general assistance; 260 old-age recipients; 931 dependent children on the rolls and 137 blind pension recipients.

Main cause of the increase during the period was the failure of employment conditions to improve. The relatively small net changes shown weekly show neither the magnitude of employment fluctuations nor their full effect on the business.

Net increase in the case load since the beginning of the year is 5,097, which is the result of opening 17,496 cases and closing 12,399 during the period.

## Outlines Need For Approval Of Loan To Britain

WASHINGTON, June 4.—(INS)—President William K. Jackson of the U. S. Chamber of Commerce told congress Monday that approval of the proposed British loan would result in greater prosperity for America, enhance world economic welfare and "make the nations less fertile ground for the seeds of war."

Jackson reiterated the chamber's support of the financial agreement with the United Kingdom in testifying before the House Banking and Currency Committee which is considering the senate-passed loan bill. He said:

"Approval of the financial agreement is an essential part of the world program in which our government, with the support of business, labor, farm and other groups, should participate."

Answering arguments against the British credit, Jackson told the committee:

"We believe that an expansion of world trade on a multilateral, non-discriminatory basis is of such

transcendent importance as to outweigh these particular objections having to do with fiscal and monetary policy. Terms of the agreement, increased imports, and benefits to a government which favors Socialism in preference to free enterprise."

Jackson added that the loan "is an investment which should yield returns in the form of greater tax revenue as well as in more employment and higher standards of living."

"We believe that an expansion of world trade on a multilateral, non-discriminatory basis is of such

These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning suggest that there is something wrong with your kidneys or bladder.

Kidneys may need help the same as how, so ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Naval Discharge For Sam Ciccone

Sam Ciccone, SSM 2-c, 1128 Selota street, who received his honorable discharge from the U. S. Navy May 19 at Bainbridge, Md., can look back upon two years of action with the Atlantic and Pacific fleets.

Seaman Ciccone received his "boot" training at the same place he received his final papers, Bainbridge, and at the completion of this basic work, began duty in the Atlantic aboard the USS Fiske, a destroyer. During his first two months at sea his ship was torpedoed in the Bay of Biscayne and he was one of the fortunate survivors.

He was then transferred to the USS Frank Knox, another destroyer, and was with the Third Fleet in the Pacific campaigns. When the

hostilities ceased his ship was supporting shore bombardments of the Japanese mainland.

One of the highlights of the local sailor's naval career was his witnessing of the Jap surrender aboard the USS Missouri.

He holds the Asiatic-Pacific and the American theater ribbons, and a U. S. Navy commendation award given him unit.

They will spend the summer in Plainsboro where they will be employed at the Walker-Gordon experimental dairy farm laboratories. Both are students at New Castle senior high school.

## DON'T HAVE FUNDS NEEDED

MCKEESPORT, Pa., June 4.—(INS)—Mayor Charles A. Kinkaid and McKeesport's city council agreed today that the community's municipal workers deserved a raise, but they just don't have the \$75,000 to give it.

Kinkaid told officials of Local 306, CIO-State, county and municipal

workers union that their demand for an 18 1-2 cent hourly raise for 390 city employees was not possible at present. He said the raise would cost about \$75,000 for six months and it couldn't be raised now.

If the average flash of lightning were harnessed and sold for commercial use, it would not be worth more than two cents.

## 'G.I. College' Plans Being Considered

HARRISBURG, June 4.—(INS)—Gov. Edward Martin's "GI College" committee dropped plans today to obtain surplus housing units for Pennsylvania colleges to solve the overcrowding which blocked the education of many veterans.

Deputy Superintendent of Public Instruction Paul E. Witmeyer, chairman, said the committee had

met with federal housing officials at New York in a futile attempt to arrange for dwellings.

Witmeyer said another plan, which was not disclosed, would be presented to Gov. Edward Martin as an alternative to establishing a veterans' college at the 16,500-acre Indian town Gap military reservation.

Inscriptions found at El Morro National Monument in New Mexico, date back to 1605. Many of the carvings on the rocks were made by Coronado's conquistadores.

## Russia's Efforts To Get Facts On A-Bombs Shown

MONTREAL, June 4.—(INS)—Evidence of Russia's frantic efforts to get information on the atomic bomb after V-J Day was spread on the minutes of the Montreal espionage trial today, together with revelation that Moscow knew details of the initial New Mexico A-bomb test a week before it took place.

The disclosures came during trial of Fred Rose, Communist member of the Canadian Parliament, at which Crown Prosecutor Phillippe Brail introduced documents which Igor Gouzenko, cipher clerk at the Ottawa Soviet Embassy, took with him when he fled into the protective custody of Canadian authorities.

One of the documents indicated that Russian agents in Canada sent to Moscow information of the composition of the atom bomb on July 9, 1945. The New Mexico test took place seven days later.

### Information Given

The papers purported to show that during the New Mexico tests Col. Nicolai Zabotin, military attaché at the Ottawa Embassy, was given information on North American uranium production by an agent known as "Alex."

"Alex" was identified as Dr. Alan Nunn May, now under a 10-year prison sentence in England for his part in the espionage plot.

Later in July Moscow wired agents in Canada to secure full information on "the progress of uranium." During this period the exchange of correspondence between Col. Zabotin in Ottawa and the "director" who was head of the Russian intelligence in Moscow had been voluminous, according to the evidence.

Col. Zabotin was alleged to have received "17 top secrets" from an agent here whom Gouzenko identified as Durnford Smith, now awaiting trial in Ottawa.

The documents which Gouzenko rifled from the embassy purported to show that "Alex" gave Col. Zabotin samples of uranium in "an oxide form" and information relating to manufacture of electronic shells in the United States.

Moscow was alleged to have requested Col. Zabotin to provide complete information regarding location and movement of United States troops.

## Strike Leaders Plan To Boycott Board's Inquiry

NEW YORK, June 4.—(INS)—Leaders of the five-day-old Hudson & Manhattan tubes strike declared today they would boycott Thursday's opening session of an investigation of the strike by a fact-finding board appointed by President Truman.

As the electric railroad's 115,000 regular commuters scrambled again aboard buses and Pennsylvania railroad trains that took them to picketed Hudson river ferries, both Chairman William E. Skutt of the H. & M. locomotive engineers' unit and Leader Matthew O'Leary of the trainmen's local said they would await orders from brotherhood headquarters in Cleveland.

Skutt insisted the only issue was the 18¢ cents an hour pay raise granted to the industry in the settlement of the recent nationwide rail strike. The company maintains it cannot afford to pay the increase.

## Start 9,000-Mile Journey In Sloop

Americans Coming Home In Small Boat From Liverpool, England

LIVERPOOL, Eng., June 4.—(INS)—Richard McKinley, 40, of Glendale, Cal., and Walter Kutneski, 30, of Hollywood, sailed from Liverpool aboard their 37-foot sloop-rigged yacht "Gannet" today on the first leg of a 9,000-mile sea journey home.

The seafarers' vessel is equipped with rations for 90 days and 200 gallons of water. An auxiliary engine and fuel for 500 miles is part of their equipment.

McKinley said he and Kutneski worked for the past three years in an engineering factory in Liverpool. He added:

"Some people will think we're crazy to make this trip, but the idea is to get away from worries of the world for awhile and find rest in localities where peace reigns."

The vessel's course will bring it to Brest, France; Madeira, off Africa, across the Atlantic to Barbados Island, through the Panama Canal and north through the Pacific to California.

## New Threats Are Made By Petrillo

Radio Networks Are Threatened With Loss Of Musical Talent In Major Cities

ST. PETERSBURG, Fla., June 4.—(INS)—The American Federation of Musicians went into its business sessions today after the union's president, James Cagney Petrillo, threatened the radio networks with the loss of musical talent in three major cities.

Almost 1,500 delegates to the union's convention heard the musician's boss declare that he would not renew contracts with the networks in New York, Los Angeles and Chicago if the Lea bill is found to be constitutional.

The Lea bill, sometimes referred to as the anti-Petrillo bill, provides penalties for union leaders who force radio stations to hire more musicians than are desired by the station.

Petrillo said that if he fails to

renew the contracts which expire January 1, 1947, no musicians will be allowed to play for the networks in those three cities. It would mean a blackout of all forms of "canned music". He added:

"If the Supreme Court rules the Lea bill constitutional, the small stations will get no money, music from the networks because we will rule that these locals can play locally only."

Petrillo also hinted that he might wield the club he has used before—banning recordings on the air—if the Lea bill is not thrown out by the courts. Petrillo said:

"The Lea bill is discriminating."

## College Class Hears Dr. Sizoo

Commencement Exercises Are Conducted For Westminster Class Monday

### SPECIAL AWARDS ARE ANNOUNCED

NEW WILMINGTON, June 4.—Taking for his subject, "History Is a Record of What Man Thinks of Himself," Dr. Joseph Richard Sizoo, pastor of the St. Nicholas Collegiate, New York City, urged members of the 1946 graduating class at Westminster college, to base their lives upon "integrity, understanding and reverence," at exercises held in the college chapel Monday afternoon.

"After every war there has been a period of moral laxity and the world today is doing a tailspin in that direction," Dr. Sizoo told the 82 members of the class and their relatives and friends. "It is into this atmosphere you are graduating and as leaders of tomorrow you must strive to save the world from itself."

#### Honorary Degrees

Honorary Doctor of Divinity degrees were awarded to Rev. Roy Lash, 17, pastor of the Second-Fifth United Presbyterian church of Pittsburgh; Rev. E. V. Clements, '09, missionary to Punjab, India; and Rev. Clyde L. Myers, pastor of the United Presbyterian church of Sharon. E. V. Clements, Jr., of New Wilmington, received the degree awarded his father who is in India.

An honorary degree of Doctor of Laws was received by Mrs. Joyce C. Stearns of St. Louis, on behalf of her husband who was unable to be present. Dr. Stearns is dean of faculties of Washington university, St. Louis, and worked on the atomic bomb.

Dr. H. H. Donaldson head surgeon at Mercy hospital, Pittsburgh, was given an honorary Doctor of Humanities degree.

#### Prize Winners

Winners of prizes and special awards were: Miss Eleanor McMichael, Oakdale, history honors; Miss Jane Sheppard, Pittsburgh, Daughters of Colonial Musicians award; New Castle chapter; Miss Elizabeth Cummings, New Wilmington, and Miss Elizabeth Jane Webster, Newville, Pomeroy Bible award; outstanding Freshmen: Eichenlaub Bible awards won in open competition: Miss Flora VanDyke, Wexford, \$65, and Miss Elizabeth Cummings, New Wilmington, \$33. "Oscars" to best student actors: Miss Mary Ellen Stewart, Utica, and William Horean, New Castle; Miss Shirley Webster, New Castle, Freshman speech award; Robert Alter, New Wilmington, all-around achievement in drama; Miss Eleanor McMichael, Elmira, Beecher Russell history award; \$35; Herman DeHaas, Linwood, Mass., and Miss Grace Jones, Brighton, Henrietta Lee Scholarship awards of \$100; Wilfred Gibson, Ellwood City, Henrietta Lee Fellowship, \$125; Miss Virginia McConnell, McKeesport, Chi Omega awards for outstanding work in history and allied social studies; Miss Catherine Roodema, Garfield, N. J., Globe prize of \$10 for outstanding Freshman journalist.

Dr. Robert F. Galbreath, retiring president, was presented with an easy chair by the student body. Presentation was made by Charles Hildebrand, Sharon, vice president of student council.

Dr. John Reed Spicer, dean of the college, presided at the exercises.

## Grading Of Taylor Street Near Finish

James Gibson, director of public improvements, today received a report from City Engineer John Z. ## Girl Scouts Plan For Summer Camp

Camp To Open July 28 And Will Close August 10 At Shipley Rock Creek Camp Site

Girl Scouts of New Castle and vicinity are getting ready for camp, which will open next month at the Lawrence County Boy Scout camp along the Shipley Rock creek, near Rose Point.

The camp committee is working hard to make this year's camp as fine as possible.

Activities at the camp this year will include: Nature, outdoor cooking, swimming, boating, dramatics, folk dancing, archery and handicraft.

A staff of capable, well trained counselors will help Miss Mildred Lusk, camp director, carry out all camp activities and two excellent cooks have been secured to give the girls good well balanced meals. Qualified workers will look after the health and safety of the campers and everything possible will be done to make this the happiest time of the summer.

Girls who have not turned in their registration must do so quickly, as only 80 campers can be accommodated at the camp. Registrations should be taken or sent to the Girl Scout headquarters, 412 Greer building, before July 1.

Camp will open Sunday, July 28, and will close Saturday, August 10. For those girls who cannot attend the regular camp, day camp will again be held this year at Caserio park from Monday through Friday, July 8 through 19, from 9 a. m. to 4 p. m. Activities of this camp will be similar to that of the regular camp.

Registrations should be turned in to the scout headquarters as soon as possible.

## Run-Off Primary In Alabama Today

Voters Are Casting Ballots On Who Will Be State's Next Governor

MONTGOMERY, Ala., June 4.—(INS)—Alabama voters went to the polls today to cast ballots in a run-off primary that will decide whether James "Big Jim" Folsom, or Lieutenant-Governor Handy Ellis will be the state's next governor.

The electorate will also name a lieutenant-governor and a member of the public service commission.

In the ninth congressional district voters will name a congressman.

The spotlight, however, was focused on the governor's race where the 6-foot, 8-inch tall Folsom, an insurance man, and Ellis, long a figure in state politics, seek election.

In the first primary held Folsom finished slightly better than 15,000 votes ahead of Ellis. Three other candidates—Agricultural Commissioner Joe Pooler, Judge Elbert Boozer, and Public Service Commissioner Gordon Persons—were eliminated.

Since that date Pooler and Boozer have thrown their support to Folsom.

Political observers predict that the vote will be close and are setting the probably vote in excess of 350,000. A record was set in the May 7 Democratic primary when over 365,000 cast ballots.

## Baxter-Hodiak Nuptials Ahead

HOLLYWOOD, June 4.—(INS)—Actress Ann Baxter and Screen Actor John Hodiak disclosed today that they plan to be married within the next three weeks.

## Seventh Ward Sodality Members Gather At Church

In the auditorium of St. Lucy's church, members of the Immaculate Conception sodality had their regular monthly meeting on Sunday afternoon at 2 o'clock.

The meeting was opened with prayer led by Sister Mary, and singing of the hymn "Mother Beloved." Flossie Masone, chairman of the social life committee, presented a play entitled "Spring Hat Show" by her committee, participating: Bertha Ann, Clotilda Ryan, Lena Laporte, Elba Lombardo and Carmella Colli. Philomena DiPiero, chairman of the eucharistic committee, spoke on the subject of a drive for new members, and urged all members to go to holy communion as often as possible during the month of June because it was dedicated to the Sacred Heart, and especially on Father's Day, Sunday, June 16. Josephine Molozzi, head of the publicity committee, requested the members to secure pictures and material for the sodality scrap book.

Th sisters and the officers congratulated all the new members, and stressed upon them to help make the organization a bigger and better sodality. Sister Rose presented each new member with a picture of the Blessed Mother. Plans were made for a dance which will take place Wednesday evening, June 26, in the auditorium of Columbus Hall.

The meeting was brought to a close with prayer led by Sister Mary, and singing of the hymn "For Christ the King."

Next meeting will be Sunday, July 7, at St. Lucy's church.

## Sport Council To Meet Friday Night

Joe Zumpella, chairman, announces there will be a meeting of the sports council of Christopher Columbus society on Friday evening at 7 o'clock in Columbus Hall, South Liberty street.

Mr. and Mrs. Harry Wackob of Newell avenue, are visiting with relatives in Sykesville and Painesville. Mrs. Wackob was called to Sykesville on account of the serious illness of her mother.

Mrs. D. W. Amsden of Detroit, Mich., formerly of the ward, is visiting at the home of her son, Jack Solomon and family of North Liberty street, and friends in the ward. Mrs. Amsden attended the funeral of Mrs. Samuel W. Lewis on Saturday afternoon.

## War Department Predicts Age Of Super Airplanes

WRIGHT FIELD, Dayton, O., June 4.—(INS)—The war department predicted today that it would develop military airplanes of astounding, supersonic speeds of more than 1,000 miles an hour in a new "jet age."

The military experts explained, supersonic means speeds faster than sound. Sound at sea level travels at approximately 761 miles an hour. Never before, in the history of flight, has the supersonic wall been cracked.

The prediction was voiced officially in an army statement as the air forces opened a two-day "national press conference" at Wright Field to reveal many of the air secrets of the war which helped the United Nations beat Germany and Japan.

In the official declaration, the air forces stated: "Ten-mile-a-minute fighter speeds now, 1,000-mile-per-hour planes in the future."

"This is what army air forces engineers at the Wright Field air material command headquarters predicted as the 'jet age' zooms across the horizon."

These experts were unanimous in declaring that they believed that the day of the regular-gasoline powered airplane was gone; that all planes of the future, including the heaviest bombers would be jet propelled.

## Services Continue At City Mission

Evangelistic services which are in progress at the City Rescue Mission, 17 South Mercer street, with Rev. O. W. Stucky, as evangelist, will continue through Friday evening, according to an announcement from Rev. D. R. Wert, superintendent of the mission.

Rev. Stucky, who is an outstanding steel saw soloist, is one of the original saw players in the United States, having been offered a large sum of money at one time to enter the show business. He will be speaking tonight on the "Names of Jesus" at 7:45 o'clock.

Special music for this evening's program will be presented by the choir from the Emmanuel Evangelical church, South Jefferson street.

## Cigarette Now Buys Anything In German Zone

**American Smokes Worth \$15 Per Pack, Now Basis Of Black Market Bartering**

BERLIN, June 3.—(INS)—The Berlin black market is fantastic, incredible and all embracing. It makes no sense and is symptomatic of the ill-unto-death economy of defeated Germany.

The real basis of exchange in Berlin—and in most of the American zone—is not the German mark but the American cigarette. You can buy very little with marks; you can buy anything with cigarettes. One package of American cigarettes on the Berlin black market is currently worth \$12 to \$15; a carton, ten times as much.

Now obviously, no package of cigarettes in the world is worth \$15, except in a country where the mark is relatively worthless because there is so little food and no consumer goods to buy.

So the cigarette has become the basis of barter and of black market operations. It doesn't make sense. It befuddles me and I suspect it will befuddle the reader, but this is the way it works. A package of cigarettes, pegged at \$15, is worth 150 marks at the legal rate of exchange.

**Above Wage Earnings**  
That package of cigarettes represents more in marks than the average German earns in a month. Yet even if he had 150 marks to spend for fifty pounds of potatoes in the black market, the Berlin householder probably would be unable to buy the potatoes. But the pack of 20 American cigarettes would buy them!

With that package of cigarettes,

which has now changed hands once in the black market, the potato merchant can buy a piece of meat. In turn, the black market meat dealer can exchange the cigarettes for the green vegetables, so rare and so dear, which he believes his children need. Now, the greens grower, if he had been in the black market long enough to accumulate a hoard of cigarettes, may be able to swap them for a second hand jacket or a pair of trousers.

It is almost inconceivable that he would be able to get a new suit, or even second-hand trousers and coat that much. Now the tailor has the cigarettes, and perhaps—with luck—he can get the robber to repair his shoes or even negotiate for a new pair which would be a minor miracle.

**\$64 Question**  
But—you are probably thinking—cigarettes don't last forever. Surely by now they are worn if not actually frayed. Unlike currency, cigarettes do not last forever. Who, ultimately, smokes the cigarettes? That is the \$64 question in Berlin—that, and is Hitler really dead?

Of the two, the cigarette problem is really the more puzzling. But I think I have a clue. Ultimately, I think they are smoked by really big, rich black market operators in night clubs. At least the only Germans I ever saw freely smoking cigarettes were in a Berlin night club too costly to be patronized by anyone but Allied soldiers and German black marketeers.

Always, the price of each item in stores is plainly written in marks. But if you are an American, the dealer invariably asks you into his office and tries to make the deal in cigarettes or chocolate bars. A five-cent chocolate bar is pegged at \$5 on the black market—at \$5 or fifty legal marks.

## Britain Favors Federated State For Germany

LONDON, June 4.—(INS)—The British government was officially described as still in favor of a plan to establish a federated state for Germany.

A foreign office spokesman said there was nothing new in the British position. The only development, he added, is that "the United States press seems favorably disposed" to the project.

**CHAMBERSBURG**—A municipal market has rounded out its 16th year of weekly sales.

**SENATE COMMITTEE**  
Favors Extension Of War Powers Act  
WASHINGTON, June 4.—(INS)—The Senate judiciary committee by a vote of eight to three today recommended extension of the second war powers act from June 30 until next March 31. The extension already has passed the house.

Authority governing priorities and allocations on building materials would be extended to June 30, 1947, under the measure.

Capt. Townsend  
"For outstanding performance of duty," Captain Samuel W. Townsend, recently discharged from the Navy, has been cited by Secretary of the Navy James Forrestal. The citation has been received by Captain Townsend.

Captain Townsend was Communication and Special Device Officer at the Naval Air Station, Lakehurst, N. J., from May 15, 1943 to July 14, 1945. In this post he utilized his extensive knowledge of radio and electronics and developed some successful electronic devices for the use of the Navy.

of a revolver; Sylvester Ferrucci, failure to stop and disclose identity; Leroy McClendon, neglect to support a minor child.

Two of the pleas were disposed of immediately. Jerry Seamans and Frank L. Williamson were each fined \$100 and costs and 30 days in the county jail, out in three days if the fine and costs are paid.

Indications are that not more than four or five cases will be tried, possibly not that. There are no felonies in the list, and the term will look more like an alderman's court than a court of quarter sessions.

## Make Report On Cause Of Death Of Two 'Frauleins'

FRANKFURT, June 4.—(INS)—Two of the three mysterious "Fraulein" deaths reported in recently were classified by U. S. military authorities as one suicide and one accident.

The U. S. Provost Marshal's office in Frankfurt announced that the death of Elizabeth Keller, 19, who was fatally shot by Pfc. Arthur Lee Tannell, a negro soldier, of Ponyville, Miss., was classified as accidental. The shooting occurred in his room Sunday morning.

Tannell claimed the gun which killed the German girl was in his pocket, and discharged accidentally. He said he later threw the pistol away.

Another 19-year-old fraulein, Ingeborg Porter-Reuter, was found shot through the head by a 45-caliber gun. Authorities said she left four letters, contents of which were not disclosed, indicating she was a suicide.

The Porter-Reuter death occurred in the quarters of Lieut. Robert W. Hawk, of 517 Library avenue, Carnegie, Pa., whom headquarters described as friendly with the girl since last September. Hawk is said to have been absent from the room when the shooting occurred.

According to the official statement, the Porter-Reuter girl, who was said to have accompanied Hawk to the Kitzingen airbase from Munich some time ago, had not been drinking.

Latest victim reported was Maria Wurzbach, whose battered body was found near Mannheim. Headquarters did not reveal details of the killing, but said T-4 Ellis E. Copley of a Negro quartermaster unit, was under investigation.

## Reveal Germany Brushed Off Work On Atomic Project

WASHINGTON, June 4.—(INS)—Data compiled by the War Department after Germany's defeat revealed today that contrary to popular belief the Nazis brushed off development of atomic bombs.

Albert Speer, Nazi minister of armaments and war production, told War Department investigators that his government "should have been ashamed" of the way its atomic scientists were neglected.

Speer's testimony has been lying in War Department files. It was learned that through suggestion of the Aircraft Industries Association the material now is being studied for the first time by congressmen.

Speer was asked whether scientists working on the atom bomb project were denied necessary means to carry their investigations further. He declared:

"That is true. Science was very badly treated in Germany in comparison to all kinds of other projects for which money was spent. If you visit some of our scientific institutes, you will realize that many have not progressed much beyond the state of 1890."

The Nazi war production minister admitted that "nothing was done to encourage scientists" and that the training of young ones was neglected.

Speer added: "However, the effect could not have been felt in this war. The lack of trained scientists would not have become apparent for another 10 to 20 years."

**State Records Reveal Coroners Active In 1600's**  
HARRISBURG, June 4.—(INS)—Old records unearthed in Pennsylvania's department of internal affairs have disclosed that county coroners have been important public officials since William Penn's day.

"The office of coroner is judicial, although in ancient times the office seems to have been of more importance than today," Secretary of Internal Affairs William S. Livengood, Jr., reported.

The coroner acted with the sheriff in the county court, holding a counter role, and so acting as a check on the sheriff as the coroner's role was of more authority than his," Livengood said.

"Some interpreters of the law even called the county court the 'court of the sheriff and coroner'," he added.

Of course the real purpose of the office was somewhat the same as it is now, "to make a faithful presentation of all murders, homicides and felonies, by whom, and where on earth, that is, whether on water, in woods, or plain, in march, whether in town or out."

"In those days the coroner was also a committing magistrate, he accepted confessions, handled jail breaks as well as numerous other sundry duties," Livengood explained.

The first coroner's commission registered in the department's land office was issued October 6, 1710, to John Cutler as coroner of Bucks county and Henry Worley for Chester county.

"The early coroners operated on a fee basis," it was explained. "They received from three shillings for arresting the sheriff to ten shillings for viewing a body."

**CATTLE REQUIRE FEW EXTRA MINERALS**  
Mineral supplements are not the cur-alls which they are sometimes represented to be, and should be fed to cattle only when a definite need is indicated.

It can be fed by hand, or put in grain at the rate of one pound for each 100 pounds of feed. Some dairymen place a box of loose salt where the cattle can eat it as needed, or use salt blocks.

Calcium, usually available in abundance when the cattle eat legume roughage, may at times be needed. If hay of poor quality must be fed, steamed bone-meal, di-calcium phosphate, or ground-limestone may be added to the grain ration at the rate of one or two pounds per hundred.

Phosphorus found in wheat, wheat bran, cottonseed meal, linseed meal and soybean meal, is seldom needed. In case of need, it can be supplied by feeding steamed bone meal or di-calcium phosphate, as indicated above.

Iodine, iron, copper, and cobalt are essential to cattle, but good rations usually supply all that are needed in Lawrence County.

## New Method Of Purging Payroll Of U.S. Is Needed

WASHINGTON, June 4.—(INS)—House members declared today that congress must find other means to "purge" the federal payroll following a supreme court ruling which slapped down their efforts to fire three federal employees they found "subversive".

### Verdict Not "Unexpected"

Appropriations committee members who participated in preparing a rider permanently banishing Robert Morse Lovett, Goodwin B. Watson and William E. Dodd, Jr. from government employ, found the high tribunal's verdict of unconstitutional "not unexpected".

Rep. Keefe (R-Wis.) said he expected all along that the court would overthrow the congressional action. He stated congress would have to devise other ways of accomplishing the same purpose.

To a lawyer, Keefe observed, the court's decision seemed to imply that "congress has no power to control the caliber of employees of the executive branch."

### Strange Situation

Rep. Cannon (D-Mo.), appropriations committee chairman, said he found it "a strange situation where the government cannot discharge a man who is doing everything he can to destroy it."

Lovett was assistant to the governor of the Virgin Islands while Watson and Dodd were employed by the federal communications commission in 1943 when congress, as the culmination of a series of attacks instigated by the Dies committee, voted that no future appropriations were to be used to pay their salaries.

In a day of far-reaching decisions the court also:

### Other Decisions

Ruled unconstitutional a Virginia state law requiring racial segregation in buses traveling across state lines as "a burden on interstate commerce."

Asserted the jurisdiction of federal courts under the rent control law to order restitution of rent overpayments to tenants.

Upheld the constitutionality of a South Carolina statute taxing the state business of national insurance companies as a proper exercise of state powers of insurance regulation notwithstanding possible interference with interstate commerce.

Affirmed the right of the press to criticize the judicial conduct of judges in reversing a contempt citation against the Miami (Fla.) Herald.

## Robert E. Frazier Leaves Army Duties

T-5 Robert E. Frazier has returned to his home after receiving his honorable discharge from the Army on June 2 at Fort Dix, N. J. He served 26 months in the Army, with 15 months of that time being spent in the European Theater of Operations.

A brother, Jack E. Frazier, S-2c, is spending a 12-day furlough at his home.

Another brother, Pvt. Carl W. Frazier, is stationed at the Portland Army Air Base, Portland, Ore. All are the sons of Mr. and Mrs. Carl E. Frazier, Beckford street.

## JEFFERSON DAY DINNER FACTOR IN FUND BOOST

PITTSBURGH, June 4.—(INS)—The Jefferson Day dinner in Pittsburgh was a howling success financially, that's what the Democrats said today.

The treasury wasn't swelled by the \$10 a plate dinner although 1150 city and county employees attended. The "poke" was "lattered" according to clerk of courts, John McLean, chairman of the dinner, by the program.

The program contained 216 pages and each page sold for \$100.

## Temple Israel Elects Officers

A. H. Gonick Elected As President Of Congregation At Regular Meeting

Annual meeting of Temple Israel took place recently in the meeting rooms, and annual election of officers took place. They are:

President, A. H. Gonick; first vice-president, J. E. Raffell; second vice-president, James Meyers; secretary, Nathan J. Love; treasurer, Herman Wolfe. Board: Emmanuel Shenkan, Norman Ehrlich, Morris Schoenberger and David Victor.

A. H. Gonick presided and business was conducted, and reports were heard. Mr. Gonick also made remarks important to the welfare of Temple Israel.

Dr. Ivan Gruen, rabbi of the congregation also made remarks. Successful activities held last year included the organization of Temple Men's club, with Dr. Gruen in charge.

## V.A. Cannot Find Jobs Or Homes

PITTSBURGH, June 4.—(INS)—America will be in a "sorry state" unless jobs are ready for veterans now training, Kenneth S. Covey, regional director of Veterans Administration, today maintained.

Covey told 150 officials of first class townships commissioners meeting in Pittsburgh that the Veterans Administration is not responsible for finding jobs for veterans and is not legally concerned with finding homes for them. He declared:

"The Veterans Administration can train men to do anything and can guarantee loans to help veterans to buy homes but it cannot provide them with either a job or a house."

Earlier the Rotary council on legislation voted 59 to 48 for establishment of permanent national headquarters in Denver, a move fought bitterly by delegates from Chicago where the national headquarters has been since 1905.

The vote followed a day-long debate. Proponents of the resolution want to erect an elaborate headquarters building on a plot, formerly a Catholic cemetery, for which \$5,000 already has been paid to the Catholic archdiocese of Denver.

## CHINESE PIRATES ROUTED FROM U. S. GROUNDED VESSEL

WASHINGTON, June 4.—(INS)—A band of approximately 60 Chinese pirates were recently beaten off a grounded American Liberty ship that ran aground on the north China coast.

This was disclosed by the navy which said the attack occurred when the vessel, the Chief Joseph, was aground at Shitan bay and the U. S. S. Cree, a fleet tug, was attempting to refloat the ship.

A brief dispatch to the navy department said the raiders were beaten off by the crews of the Joseph and the tug. The attackers returned to shore where they set up guns and fired a few rounds at the American ships.

The destroyer Brinkley Bass was sent to the scene to protect American lives but the Joseph was refloated without further opposition.

## Army Discipline Not To Be Altered By Doolittle Plan

WEST POINT, N. Y., June 4.—(INS)—Secretary of War Patterson asserted today that army discipline would be undamaged by the Doolittle board's drastic proposals to democratize the service.

Patterson maintained that "the soundness of most of the recommended measures will not be disputed by army command."

Speaking at the commencement exercises, United States Military Academy, the war secretary added: "And I have not the slightest fear that they will lead to impairment of discipline. The American soldier has always had a wholesome respect for authority based on competence."

Patterson failed to specify any one of the recommendations made by Lt. Gen. James H. Doolittle and his five member board. They included a proposal to call all military personnel just "soldiers" regardless of rank.

Patterson said that "there is room for improvement in relationships between commissioned and non-commissioned personnel."

He rapped some critics, however, declaring: "Sharp criticism of everything the army did in waging war is the fashion of the day, most of the criticism coming from individuals who never served and had no notion of serving."

Patterson praised West Pointers at length.

## Rotarian Leader Supports Byrnes

President Of Rotary International Supports Byrnes' Struggle For Principle At Parley

ATLANTIC CITY, N. J., June 4.—(INS)—Secretary of State Byrnes' "struggle for principle" at the recent foreign ministers' conference in Paris received support today from T. A. Warren, of Wolverhampton, England, president of Rotary International.

Warren, addressing 16,000 delegates and their families at the first plenary session last night of the 34th annual Rotary convention, declared:

"America, judged by Secretary Byrnes' report on the Paris meeting, intends to stick it out and speak firmly and openly so that the whole world may hear and make up its mind whether the so-called Allies of the world really want peace or more confusion."

Earlier the Rotary council on legislation voted 59 to 48 for establishment of permanent national headquarters in Denver, a move fought bitterly by delegates from Chicago where the national headquarters has been since 1905.

The vote followed a day-long debate. Proponents of the resolution want to erect an elaborate headquarters building on a plot, formerly a Catholic cemetery, for which \$5,000 already has been paid to the Catholic archdiocese of Denver.

Services for the Feast of Weeks will continue Wednesday morning at 8 o'clock. Wednesday evening at 8:30 o'clock. On Thursday morning at 8 o'clock memorial services will be held.

## Waters Flood YMCA Camp Site

Y. M. C. A. staff surveyed slight damages at Camp Fred L. Pentz today, caused when the Slippery Rock creek overflowed its banks during the recent flood.

Although the waters didn't cause any serious damage to the installations at the summer site, it was reported that eight to ten inches of water invaded the cabins and a footbridge was battered so badly that it will have to be replaced. Piles of stacked firewood were also swept away by the rampant water.

Crews were scheduled to go into action this week to clear away the debris and make the necessary repairs.

## 'Test Charlie' Named As Third Atomic Bomb Test

BIKINI ATOLL, June 4.—(INS)—Vice Admiral W. H. P. Blandy, commander of "operations crossroads", disclosed for the first time today that experiments are now being carried out at Bikini atoll for a third atom bomb detonation known as "test Charlie".

The test is expected to be held during the first three months of 1947.

While it was previously known that the third test was planned, Blandy's announcement was the first indication that experiments are already being conducted to determine the best method of conducting the underwater test.

Navy Experimenting

Blandy said that the Navy is experimenting to determine the most efficient means of moving a ship in position above the bomb. He said that one method under investigation called for mooring the ship to the island itself by the use of a mile-long double line.

The admiral pointed out that prevailing winds at the time of the year would be northeasterly and would keep the vessel tethered at the end of the lines in the test bomb area.

A second method under consideration involves use of radio-controlled tow boats which would keep the guinea pig ship in the desired position a mile offshore.

M. & D. Veterans  
Honored At Dinner

Dinner-Party Honoring War Veterans To Be Annual June Event In Future

War veterans of World War II, who reside in the district of Mabel and Division streets, were guests of honor at a dinner-party and dance sponsored by the M. & D. social club, Sunday evening at a suburban tearoom. Wives and friends of the veterans were special guests.

A delicious chicken dinner with all the trimmings was served at 8:30 o'clock, on tables nicely arranged for the occasion.

Later in the evening a special program was presented featuring local talent. Joe Goclano was the capable master of ceremonies, and the program got underway with vocal selections by Angelo Cozza, Andy Gallo, Louis Melito, and Chester Cable, the latter being a guest from Philadelphia.

An amusing skit entitled, "I Had a Dream Last Night" was given by Michael Peluso, Fred Napadano, Al Valletta, Guy Delliquadri, and Joe Monaco.

Dancing proved the main pastime for the remaining hours.

Fred Smarrelli as chairman of the event, thanked the committee who worked hard to make the party a success. Those assisting were: food, Al Valletta, Angelo Cozza, Rudy Marozzi, Philip Delliquadri; transportation, Aldo Galmari, James Melito; entertainment, Andy Gallo, Angelo Valletta, Louis Melito.

Veterans of the district still in service, but who were also honored and remembered included: Carmen Smarrelli, Ralph Martone, Roger Monaco, and Nick Napadano.

Due to the success of the event, plans were made to have the party an annual affair, to be held on the first Sunday in June.

FOUR STUDENTS HURT

PITTSBURGH, June 4.—(INS)—Four University of Pittsburgh students were in a hospital today after their automobiles collided head-on as they returned home from a dance.

Edward Lipchak, 22, of Homestead Park, suffered face cuts and head injuries requiring 100 stitches. George McShane, 22, also of Homestead Park, suffered head injuries and cuts. Benjamin Sykes, 24, of Duquesne, suffered undetermined injuries and William J. Wilmon, 23, of Homestead Park, minor injuries.

Here  
comes  
the bride!

JUNE has swung around again, and this month brides by the thousands will start housekeeping—if they can find a house to keep.

In days soon to come, light housekeeping will be even lighter with electrical servants ready to wash and iron, clean and cook at the flip of a switch. And some day there will be many new electric aids—air conditioners, food freezers, electric blankets, television sets, and all the wonders of the era of electric living which lies ahead.

The electric service which powers these time-and-labor-saving appliances will continue to be inexpensive, friendly, dependable—ready around the clock and calendar—just as in the past.

Maybe 1946 brides will take the advantages of electricity for granted, just as you do. We hope they will. We're glad you just naturally count on the high efficiency and low cost of electric service. The men and women in this company worked hard to make electricity cheap and dependable. They'll work even harder to keep it that way.

## The BEST In Quality Jewelry

The opening of Cross Jewelry brings an era of delightful and gracious jewelry creations to New Castle.

You have wanted to have jewelry that you would be proud to wear, jewelry that would lend appeal and eye catching beauty that only quality jewelry can add to your attire, jewelry that will bring you complimenting looks of admiration from those that you have occasion to meet or pass. Now you can have jewelry that you will be proud to wear in any company, and feel assured that you will not be ashamed of it because of the fact that it would show inferior quality at that particular time when you wanted to impress those you are with. When you buy jewelry from us you know that you are getting jewelry that you need never doubt it's ability to meet comparison because we are determined to bring you the best in quality. Take for instance our men's watch bracelets, we have bracelets that shout quality for \$3.50, and then we have that gorgeous creation that is uncomparable in beauty for \$70.00 in 10-kt. gold. Of a certainty we have men's watch bands ranging all along the line including the Mr. Fortyniner at \$32.00. Yes, for men who care, we have watch bands that will give complete confidence in any company.

Take the lady who wants to appear at her best, and what woman doesn't? She likes jewelry that will be admired for its beauty and style. She cannot feel that sureness of genuine quality unless her jewelry is unchallenged in quality. When her jewelry is from Cross Jewelry she can feel that she is wearing jewelry that can stand the closest inspection by even a critic. She can wear it with pride because it came from a real Jewelry Store.

## New Ambassador From Russia, And Truman Confer

WASHINGTON, June 4.—(INS)—  
The need for maintaining close  
relations between the United States  
and Russia was stressed Monday by  
President Truman and Nikolai Novikov,  
new Soviet ambassador.

Both emphasized the importance  
of improving and strengthening in  
peace the ties forged by blood during  
the war. The statements were  
made as Novikov presented his credentials  
to Mr. Truman.

Novikov said:  
"As in the period of war when  
the comradeship in arms of our  
countries played a great role in the  
liberation of all mankind from the  
yoke of fascism, and at the present  
time as well, the relations between  
the U. S. S. R. and the United  
States are of great importance for  
the cause of universal peace and  
security."

"The understanding of this fact  
cannot but lead every sincere adherent  
of the peace to the conclusion  
strengthening the close cooperation  
between the Soviet Union and the  
United States of America."

Full Assistance  
In return Mr. Truman pledged the  
new envoy his full assistance.

He said:  
"We in the United States are particularly  
conscious of the special  
importance which relations between  
the United States of America and  
the U. S. S. R. have for the cause  
of universal peace and security and  
for the furtherance of the principles  
and purposes of the charter of the  
United Nations."

"These causes have been fostered  
by our government, and the American  
people have made tremendous  
sacrifices for their advancement. I  
am happy to assure you that this  
government will continue to strive  
to improve and strengthen political,  
economic and cultural relations  
between our countries."

"Any proposals to this end may  
be advanced by your excellency's  
government will receive prompt and  
sympathetic consideration, and I bespeak  
your excellency's assistance in  
insuring that similar consideration  
be accorded to proposals submitted  
to it by the government of the  
United States."

## Dr. Crayton Brooks Dies In Moberly, Mo.

Word has been received by Mr.  
and Mrs. Samuel Lewis of 407 East  
Garfield avenue of the death of  
Rev. Crayton S. Brooks, D. D., Monday  
morning at 2:45, June 3, at  
Moberly, Mo. He is survived by his  
wife, Mrs. Bess Brooks, and a  
brother, Dr. Clyde Brooks, dean of  
Medical and Surgical college, Newark,  
N. J.

The late Dr. Brooks was pastor  
of the First Christian church, this  
city, from September, 1907, to July,  
1911. During his pastorate 800  
members were added to the church.  
A large part during the Billy Sunday  
revival campaign in 1910.  
Dr. Brooks was the brother of  
Ensign Keith Brooks' father, the  
late Rev. W. T. Brooks. Keith  
Brooks is the son of Mr. and Mrs.

## Won World War But Don't Have Four Freedoms

PHILADELPHIA, June 4.—(INS)—  
Secretary William M. Chesnut  
declared today that although America  
won the greatest war in history "we  
find the stark truth is that we do  
not have the four freedoms."

"We have not achieved freedom  
from want," Chesnut told delegates  
to the 12th annual regional safety  
conference at Philadelphia. "Certainly  
no man among us has freedom  
from fear."

"We all fear for our safety, and  
for the safety of all the things we  
hold most dear—our American  
birthright," he added.

"We are at a dangerous stage of  
our national life today because our  
leaders have been using hind-sight,  
when what we need, and must have,  
is the keenest foresight," Chesnut  
asserted.

"Ten months have passed since  
the war ended," he declared. "We  
won a glorious victory at arms, and  
we might have gone on into the  
greatest era of peace and prosperity  
this nation has ever known, had  
we had wise and courageous leadership."

Chesnut claimed the threatened  
maritime strike can be averted.  
"If the maritime strike occurs and  
is permitted to further cripple our  
economy and retard our production  
schedule, you may classify it as an  
avoidable accident and place the  
blame upon the proper shoulders,"  
he stated.

## Flood Cleanup Work Under Way In Pennsylvania

HARRISBURG, June 4.—(INS)—  
State health department engineers  
continued today to direct clean-up  
work in flood-stricken areas of  
Pennsylvania.

Secretary of Health Harry W.  
Weest reported that a mobile laboratory  
was being used to test water  
supplies to check contamination. No  
reports of disease had been received,  
a spokesman said.

Weest said a "thorough mopping  
up" was required in boroughs lacking  
sewers or municipal water works.  
Water-soaked furniture and other  
goods damaged by the overflows  
from the Susquehanna river were  
being collected by officials in Williamsport  
and nearby communities,  
according to the emergency flood  
committee. Lime was used to  
disinfect basements and areas covered  
by water throughout the state, it  
was added.

## Hard Coal Strikers Hope For Settlement

SCRANTON, Pa., June 4.—(INS)—  
Pennsylvania's 75,000 striking  
anthracite miners were hopeful today  
that the presence of UMWA  
President John L. Lewis at contract  
conferences in New York would  
spell a speedy end to the five-day  
lockout.

The consensus among miners, who  
rejoice at the strike as a "little vacation,"  
was that production would be  
resumed by mid-June.

No efforts have been made by  
operators to break the strike and  
no disorders have been reported.  
Miners busied themselves with  
household chores, fishing, picnicking  
or just talking among themselves.

Coal carrying railroads continued  
to feel the pinch of the work stoppage  
and have furloughed scores of  
crewmembers, yard employees and clerical  
workers.

STATE BOARD NAMED  
HARRISBURG, June 4.—(INS)—  
Three members of the state planning  
board including Secretary of Agriculture  
Miles Horst had reappointments  
today from Gov. Edward Martin.

Others renamed were Col. J. Hale  
Steinman, Lancaster publisher, and  
Mrs. Sarah B. Anderson, Grove City.  
The reappointments become effective  
June 30.

HARRISBURG — Navy water  
"Wagons" were used in flooded sections  
to transport housewives to  
grocery stores.

WHEN VET AND BRIDE HAVE  
RELIGIOUS CEREMONY

"My son who was in the service  
married, with a civil ceremony, a  
Welsh girl. She is now on her way  
to the United States and they are  
planning on a religious ceremony.  
May relatives and friends attend  
the ceremony and may we have a  
reception? May we telephone our  
invitations or must they be mailed?  
What may the bride wear and may  
she have attendants?"

Answer: So far as the ritual of  
the religious ceremony is concerned,  
I cannot advise you, since different  
denominations have different rules  
for such a situation. Some churches  
recognize a civil marriage ceremony  
and simply give a blessing to the  
couple. Other churches do not  
consider a civil ceremony a marriage  
so the couple must again go  
through a complete wedding  
ceremony. This the clergyman will  
explain to you. Regardless of the  
attitude of the church, there are  
rules of etiquette which should be  
observed. For instance, the bride of  
this second ceremony, not being a  
maiden, must not wear a veil nor  
should she wear white. Any pastel  
shade (long afternoon dress or hat)  
or street-length dress or suit will  
be correct. A maid or matron-of-  
honor and a best man may be  
included but no bridesmaids. They  
are correctly included in a formal  
wedding only—the bride's first.

You may have your friends and  
relatives witness the ceremony  
usually this is not done since there  
is really not a wedding in the full  
sense of the word; but you may  
have a large reception that your  
friends may meet your new daughter-  
in-law. Invitations may be telephoned  
or written in note form. If you  
want to "do it up brown" with  
formality, send engraved reception  
invitations with a general verbal  
invitation to the ceremony. These,  
of course, must not be wedding  
invitations, since the groom's mother  
must not issue invitations to her  
son's wedding. Here's a form to use:

Mr. and Mrs. John Smith  
request the pleasure of your  
company  
at a (name of function)  
on Saturday the fifteenth of June  
at (time)  
R. S. V. P. (address)  
You may insert across the top of  
the invitation: "To meet Mrs. John  
Jones, Jr."

Present your problem to Miss  
Markel who will promptly mail personal  
replies to readers including  
stamped, self-addressed envelope.

## Expecting a Baby?

Mother's Friend massaging preparation  
helps bring ease and comfort  
to expectant mothers.

MOTHER'S FRIEND, an exquisitely  
prepared emollient, is useful in all  
conditions where a bland, mild anointing  
massage medium in skin lubrication is  
desired. One condition in which women  
for more than 70 years have used it is  
an application for massaging the body  
during pregnancy. It helps keep the  
skin soft and pliable, thus avoiding  
unnecessary discomfort due to dryness  
and tightness. It refreshes and tones the  
skin. An ideal massage preparation for the  
numb, tingling or burning sensations of  
the skin. For the tired back muscles  
or cramp-like pains in the legs. Quickly  
absorbed. Delightful to use. Highly  
praised by users, many doctors and  
nurses. Millions of bottles sold. Just ask  
any druggist for Mother's Friend—the  
skin emollient and lubricant. Do try it.

## Begin Training For Risky Duty In A-Bomb Test

Death Ray Patrol Volunteers Will  
Test Radio-Activity In  
Bombed Lagoon

BIKINI ATOLL, June 4.—(INS)—  
Eight volunteers were in training  
today for the atomic bomb test's  
most perilous job—as the death ray  
patrol.

They are monitors who will be the  
first to move back into the lagoon,  
where death-dealing radioactivity is  
expected to linger for days after the  
burst early next month.

Carrying instruments to warn of  
radioactivity sufficient to cause  
death or injury, the monitors' function  
is to make sure that the rays  
have disappeared before other personnel  
is permitted to enter.

Not even the firefighting tugs  
would be allowed to approach a  
burning vessel until the monitors  
board it and pronounce it free of  
dangerous radioactivity.

These volunteers who will risk injury  
or perhaps death by radio-activity  
to safeguard others are army,  
navy and civilian personnel. Among  
them are physicians and other  
technicians. All are fully aware  
that sudden wind changes  
might sweep radioactive air over  
them, or that they might run into  
a current of radioactive water.

To Be in Small Craft  
They will move into the lagoon in  
small craft, all enclosed to protect  
them from radioactive spray. They  
will wear protective clothing.

All will carry "Geiger counters"  
which warn of radioactivity both by  
movement of a hand on a dial, and  
by a clicking sound. They will  
carry photographic film, to be examined  
later for signs of radioactivity.

Navy Captain W. E. Walsh, the  
atomic task force's chief surgeon,  
will accompany one of the first  
death ray patrol boats.

He declared that, barring accidents,  
the patrols should be carried out  
without injury. The Geiger  
counters, he said, should give adequate  
warning of danger.

But, despite all precautions, accidents  
might happen, and the task force  
is ready with two hospital  
ships, and a third, the radiological  
safety ship, The Haven, available for  
use if necessary.

## WHAT HAPPENS WHEN ALL THE CEMETERY LOTS ARE SOLD?

Oak Park Cemetery Association Can Answer That Question For Oak  
Park Cemetery. The Answer Is:

## OUR PERMANENT TRUST FUND

This cemetery was incorporated in 1893, and a very wise CHARTER  
REGULATION required a certain percentage of the sale price of each  
LOT be placed with a TRUSTEE of that Fund. This percentage requirement  
has been honestly performed for FIFTY-THREE YEARS. This  
trust fund belongs to all the LOT-OWNERS, and all the earnings of that  
fund must be used for cemetery maintenance, solely and permanently,  
and cannot be touched by the Cemetery Association. Here is a certified  
statement of that Fund:

"This is to certify that on May 15th, 1946, the PERMANENT TRUST  
FUND OF OAK PARK CEMETERY ASSOCIATION—for which fund The  
Lawrence Savings & Trust Company acts as Trustee—consisted of cash and  
investments totalling \$48,755.12.

S. A. WEINSCHENK,  
Trust Officer.

Sworn and subscribed to before me, a  
Notary Public, this 16th day of May, 1946.  
MISS H. M. MCCRACKEN,  
Notary Public.  
My commission expires January 27th, 1948.

With the large number of LOTS unsold, this Fund should increase to an  
amount of probably \$100,000.00. When all the LOTS have been sold the  
LOT-OWNERS will control the entire cemetery, with the earnings of this  
Fund for PERPETUAL MAINTENANCE.

Buy your burial plot in Oak Park Cemetery, and you at once become a  
part-owner in this PERMANENT TRUST FUND.

# Boston Red Sox Have Seven Game Lead At Present

## Torrid Beantown Club Is Making Runaway Of Loop

Defeat White Sox Twice Monday With Ease Behind Splendid Pitching

### HAPLESS PHILS BOUNCE PIRATES

NEW YORK, June 4.—(INS)—If Boston's torrid Red Sox continue their present pace until the end of the season they will set a new major league record for games won.

At their current clip they would wind up the season with about 122 games won and 32 lost. The Cubs under Frank Chance won 115 in 1906 the Pirates under Fred Clarke won 110 in 1909. The best American league mark was set by the Yanks under the late Miller Huggins in 1927 when they won 110. That was the year Babe Ruth hit his 60 home runs.

Seven Games Ahead

However, judging by the opposition so far shown the Red Sox won't need even 100 victories to clinch the pennant. With the season almost over they are seven full games ahead of the second place Yanks and show no signs of weakening.

They won a pair from the White Sox yesterday, 6-1, behind Dave Ferris for his ninth straight without a defeat and 5-2 behind Joe Dobson. The Yanks were in their biggest batting apoplexy of the year pouring out 18 hits, including four doubles and homers by Nick Etten and Charley Keller to give Cuddles Marshall an easy 12-2 decision.

Two Tigers Hurt

Cleveland and Philadelphia split a pair, the Indians staggering through the first 6-5, but blowing the nightcap, 3-2.

The Senators broke a third place tie with Detroit by trimming the Tigers in a night game, 7-4. The Tigers lost for more than the game when Outfielder Hot Evers and Second Baseman Eddie Mayo collided going after a short fly to center. Evers suffered a broken jaw and will be out for a long time. Mayo has leg injuries but no broken bones and will be out of the hospital, where both were taken, within two days.

There were only two games in the National League. The Giants made it three straight over the Cardinals with a 5-4 decision.

And in the other contest, the surprising Phils trounced the meek Pirates 7-4 for their fifth victory in the last six games.

## Billy Pozzy In Main Go Monday

Tommy Leach, matchmaker for the Jefferson A. C. announced today that he has secured the slugging heavyweight Billy Pozzy of Ellwood City for the main bout at the Arena boxing show next Monday night.

Pozzy was matched with Joe Churora of Carnegie, Pa., but the latter tore several ligaments in training and will be unable to show here. Another good bout will be secured for Pozzy in the main go, Leach stated. An effort will be made to get the Bell for the Ellwood flash. There will be seven other all-star bouts, on the next Monday card.

## Edenburg Loses To Castlewood, 3-1

Edenburg's Tigers made a gallant bid for their first victory of the County League season last night, but fate frowned again and they were routed by Castlewood, 3-1. The game was a play-off of their rainout contest of May 31.

"Bud" Henderson of the Castles and Manager Ed Leeper of the Tigers tangled in a tight mound battle with the Castles finally breaking the ice in the sixth inning on timely hits and Tiger errors. Henderson doled out four blows for his third win against two losses. Leeper lost his fourth start of the season. It was the tenth straight setback for the Tigers.

## HERE AND THERE IN SPORTS' LAND

JIM REED, Topeka baseball writer, took his stop watch out to a Western Association ball game the other night and made some discoveries that should be handed down to posterity. Here are some of his findings: It takes 4.3 seconds to execute a double play. Five seconds for a home run to clear the left fence. The average batter requires 6.5 seconds to get from home plate to first base. Four seconds is normal time for a shortstop to take a grounder and whip it over to first. The umpire uses 32.5 seconds for a brisk dusting of the home plate. And if you happen to be thirsty it'll be 31 minutes before the next drink vendor gets around.

How's this for slipping the shoe on the other foot? The Bremerton Blue Jackets of the Western International League lost their second baseman, Jim Plout, official scorer at Bremerton, volunteered to take the job. Swapping his pencil for a bat, Plout went into the lineup and showed the boys how to hit. He batted out at least two safeties a game in his first week of play and was the club's leading batsman. Manager Casey Stengel of Oakland in the Pacific Coast League says young Joe Erazut of the Hollywood Stars is the greatest young pitcher he has seen in years. Casey has been around a few years and he's seen a lot of things. Stengel's club beat Erazut by one run the first three times he pitched against it, but Casey still thinks the kid's a topper. The Cincinnati Reds have an option to purchase his services, but they'd have to use atomic energy to blast him away from Hollywood right now.

This business of baseball umpiring has been called a tough life, but what do you make of this? Ralph Hooper has resigned as sheriff of Humphreys County, Tenn., to take a job umpiring in the East Texas League. He might have something at that. Policing a ball park should have its advantages over policing a county. And you still can't beat one of the few foreign-born players in baseball today. He is youthful Brian Kerr, an outfielder, whose native birth is Hull, England, although he now resides across the border in St. Catharines, Ont. Kerr, a baseball rookie, served as stoker in the Royal Canadian Navy during the war.

Smokey Robinson will box Allen Thomas of Pittsburgh in the eight round semi-final of the Boom Mancini vs. Bobby Simmons main bout, Thursday night in Youngstown. Bill Walsh is the promoter. On June 12 Ezzard Charles will take on Shelton Bell with Al Zill as the promoter. Less Weiland of Lebanon, Pa., will pilot his gas "steed" at Williams Grove, Sunday. Herman Steinbrink and John Mangina and Mac McConnell will depart Friday for Quebec to fish in the Chalk river. Murray Stevens, guide and minnow man of Beverly Lake, Delta, Ont., visited Adolf Lang last week and has returned to Delta. The latter will depart today or tomorrow for a several months stay at Delta.

## ST. MARY'S TOP CHURCH GOLFERS

St. Mary's Regain League Lead As Second U. P. Falters, Mahoning Second

St. Mary's church golf team regained first place in the New Castle County League last night at the Castle Hills course, replacing the Second U. P. team, leaders for the past two weeks, by defeating the First U. P. team 4½ to 1½ as the Second team was absorbing a 4½ to 1½ defeat by the First Baptists. Mahoning winning from the Epworth team 4½ to 1½, climbed into second place in the standing with 21 points to 22½ for St. Mary's, and 20 for Second U. P. The Baptists climbed too finishing with 17 points.

Walt Vogan Medalist

Walter Vogan, with a sizzling 37 card, two over par on the 35-par front nine was medalist last night, with other low cards being turned in by Fred Palmer 38, Ted Woodrow 38, Andy Paytas 39, Bob Palmer 40, Wayne Moore 41, Mike Eifert 42, Kelly Montgomery 42, and Ben Broad 42.

Results last night, St. Mary's 4½ to 1½; Mahoning 4½ to 1½; Epworth 1½ to 1½; First Baptists 4½ to 1½; First Presbyterians 4½ to 1½; Temple Israel 4½ to 1½; Epworth 1½ to 1½; Temple Israel 10½; Harbor 2; First Christians 4-St. Paul's 2.

Standing of league: St. Mary's 22½; Mahoning 21; Second U. P. 20; Baptists 17; First U. P. 16½; First Christians 15½; Highland 13; First Presbyterians 13; St. Paul's 12; Epworth 11½; Temple Israel 10½; Harbor 5½.

The league will play again Thursday night. The matches last night were postponed affairs from last Thursday.

Union Civics win

Union Civics of the North County league defeated Ryantown of the City league Sunday in an exhibition game at Ryantown field 4 to 1, with Barber the winning hurler and Dupuy the loser. Montanow featured the game by hitting a homer in the sixth inning in which the Civics scored three runs.

## New Galilee Surprise Club

"Hot Tops" Setting Fast Pace In County Loop; Clerici Hurling Star

A guy named Joe has a pretty fair ball club in New Galilee this season. The manager alluded to is Joe Guzzetti, playing pilot of the "Hot Tops", currently as torrid as their name and the leaders of the circuit with nine wins and one loss.

The "Tops" made a late entry into the league, being the eighth club to pay their franchise cash, and the strong this happened Guzzetti informed this writer that his club would be lucky to finish in the first division. One can discount this as traditional manager "crying", for the Tops not only seem to be one of the best balanced nines in the loop, but they have the hustle that chalks up victories.

Clerici Ace

One of the reasons the New Galilee club is racing along with the other seven clubs in pursuit is the strong right arm of Bobby Clerici, one of the surprise hurlers of the season.

"Battling" Bob has posted four neat wins for the loop-pacers and has yet to suffer a setback. His most masterful job was a 1-0 shut-out against Hillsville in which he allowed four hits and won his own game with a timely hit.

Teaming with the "Tops" work-horse is Byrdell Inman, 3-1, and a handy man to have on the sub-bench. Dittman and Cynkar have each won one contest to account for the New Galilee total.

Good Hitting, Fielding

Over-all the club has been hitting well in the clutches and fielding well. They have a solid outfield in Carl Rudi, Sammy Ritz and Phil Pussetti. Inman, when not called to the mound, anchors first base, with Syl Appici at second. Shadle at short and Manager Guzzetti at the hot corner. Otto Pierre has been doing a fine job as backstop.

The "Tops", though pressed by Wampum, Elkton's Elks and Bessemer, mean to make a tough race of it this year.

## SONS OF ITALY TRIP SPENCERS

Sons of Italy Cause Big Upset In Softball Loop; Dukes And Forest Also Win

Tony Capp pitched his fifth straight win of the softball season last night as the Sons of Italy defeated the Spencers league-leading team, 14 to 7, at Deshon field. Leading hitters in the game were Naples, DeGennaro and Ciazza for the winners and Quinto and Newell for the Spencers. Dinks Lane was the losing hurler.

Score by innings: R H E  
Sons of Italy, 140 101 700-14 14 1  
Spencers, 101 211 40-7 7 2

Vargo Allows One Hit

Johnny Vargo allowed the Veterans of Foreign Wars softball team but one hit last night at Lehigh field as the Forest A. C. cracked up a league win to make it five and two for the season. The losing hurler was Smith. Heavy hitting in the game were Greg Ross and Dado, with homers. Vargo fanned eight and Smith three batters.

Score by innings: R H E  
Forest A. C., 000 103 030-7 8 0  
Vets, 000 010 000-1 1 2

Batteries: Forest A. C. Vargo and Ambrosia; Vets, Smith and Henderson.

Dukes Take Victory

The Duca D'Abuzzi team handed the Universal Pottery a neat 10 to 6 shellacking last night in a City-Industrial loop softball battle at Centennial field, behind the steady hurling of DeMuccio. Heavy hitting was done by Leonelli and Jones.

Score by innings: R H E  
Dukes, 131 200 111-10 16 0  
Universals, 010 011 102-6 6 0

Batteries: Dukes, DeMuccio and Scilla; Universals, Weller and Mills.

## 'ANGEL' WINNER OVER STARR IN ARENA MONDAY

Frenchman Takes Two Straight Falls, Gondak, Mackie, Marsh Winners

Maurice Thillette, better known as "The Angel" in the wrestling world, a little older than when he last appeared in New Castle, thrilled over 500 fans, lovers of the "grunt and groan" business, last night in the Arena on Grove Street as he defeated Harold "Northern" Starr of Portland, Oregon in two straight falls in the main event of a four-event card.

Using his 275 pounds to good advantage over his smaller 216 pound adversary the burly Frenchman, former University of Paris student won the first fall in 20 minutes with a body slam and the second fall in three minutes using a body press that had Starr writhing in pain.

It was the old "Angel" alright making grunting faces and getting the crowd aroused with antics as he was cheered one minute and razed the next, always the showman.

Tiger Joe Marsh Wins

In the first event, "Tiger Joe" Marsh the rough Yukonite from Chicago used a body slam to defeat Curtiss Nack of Milwaukee, Wisconsin in 25 minutes and 40 seconds in a one fall decision. Marsh then challenged the "Angel" and Starr, winner. The Marsh-Nack bout was a rough and tough exhibition.

Two notices in the pro wrestling game Lou Campbell, 160 of Pittsburgh and Ed Mackie also of Pittsburgh, 155, gave a clever exhibition in the second event on the card. Mackie won the event in 7 minutes and 42 seconds with a body slam. The third event was the roughest of the evening with Johnny Gondak of Indiana, 210, defeating Don "Spike" Marlin of Niles, Michigan, 235, with a body press for the first fall and when Gondak the smaller man employed a running drop kick and body press it was curtains for Marlin former Hawaii heavyweight champion. This meant had the fans on their feet cheering wildly at the finish.

Indian Breaks Leg

Chief Little Wolf the Indian wrestler suffered a broken leg Sunday in an auto accident near Chicago and was unable to appear.

Refereeing the events was Charles James of New Castle, the judges were Mike Stoffick and Nick George, of New Castle, the timer Humbert Pazzone and doing the announcing was Charles "Bugs" Walther. The show was staged under the auspices of Tommy Leach and the Jefferson A. C.

East Brook Trims Union Civics, 8-3

With Mendal Blews spinning a three-hitter, East Brook took the measure of the Union Civics last night in a North County League contest, 8-3.

Kelly's jackpot homer with the sacks loaded was the feature of the game and sewed up the East Brook cause.

Score by innings: R H E  
East Brook, 100 043 0-8 8 2  
Union, 001 020 0-3 3 4

Batteries: East Brook, Blews and Doyle; Union: Krueger and Ames.

First U. P. Team To Meet Tonight

Dewberry, B. Dewberry, B. Reynolds, E. Hawk, Jack Fritz, G. Morrow, T. Lewis, B. Smith, D. Horchler, T. Pritchard, B. Wolrath, T. Clark, E. Bollard.

## Lands And Wagners Win Monday Evening

Dado's Hurling And Hitting Too Much For Elks In Legion League Contest

Lands and the Wagner Panthers won their games in the American Legion Junior League Monday evening in games in which all four teams did their complete scoring for the games in one inning.

Lands spotted the Elks two runs, but came from behind with a four-run rally in the fifth inning. Dado allowed three hits to the Elks, one a triple, while Session allowed two hits, but errors and triples by Reed and Dado accounted for four runs. Bogdon made a thrilling backhand catch in right center for the Lands, which looked like extra bases, with a man on to save the game for the Lands. Lands claim a forfeit from the Red Sox for a game scheduled for last Friday.

Carkito's triple was the only extra base hit in the Panther-Independents contest, in which Wagners scored their six runs and the Independents three in the first inning. Neither team scored after that. Dado fanned 10. Wagner Panthers will play Croton at Marshall field Wednesday evening with the Panthers the home team.

Score by innings: R H E  
Elks, 000 000 0-2 3 4  
Lands, 000 040 4-4 2 3

Batteries:—Elks, Session and Zarone; Lands, Dado and Clarke. Umpire, Bishop.

Independents, 300 000 0-3 4 3  
Panthers, 050 000 7-6 6 2

Batteries:—Wagner, Panthers, D. Kellner and Cunningham; Independents, Ralph and West. Umpire, Bishop.

Beagle Club To Meet On Friday

There will be a special meeting of the Shenango Valley Beagle club at the Ellwood-Wampum Rod and Gun club house on the Ellwood-Wampum road at 7:30 p.m. Friday. Because of the many problems confronting us at this time it is very important that as many members as possible be present.

The evening's business will include a discussion of our fall licensed trial and latest word regarding the purchase of our new tract of land. Final data for the yearbook page will be gathered.

There will be a fish fry prepared in the best style of "T-Bone" McKissick and Red Radermacher. Movies of interest to club members will be shown by our semi-professional photographer, Johnny Strouse.

## Walter Johnson Somewhat Better

WASHINGTON, June 4.—(INS)—Georgetown hospital reported some improvement Monday in the condition of Walter Johnson, former Washington pitching star who is suffering from a stroke which followed partial stoppage of an artery. Attaches at the hospital said: "Mr. Johnson is somewhat better today and has been able to take some nourishment." The famous pitcher has been in serious condition for several days.

A swimming pool, bowling alleys and a small gymnasium are included in the plans for the new addition to Recreation Hall, mammoth indoor sports arena at Penn State.

## Ben Hogan Headed For Goodall Crown

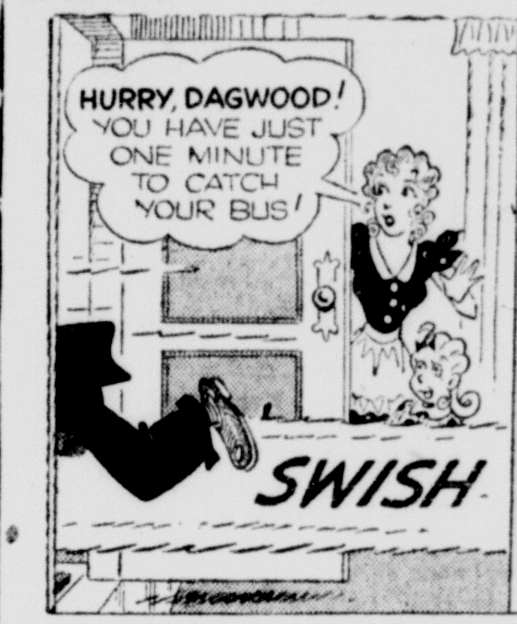

NEW YORK, June 4.—(INS)—Ben Hogan probably will be trying the Goodall Round Robin golf crown on for size by tonight. The mighty mite of the links goes into the final rounds today with a plus 36 score. Lloyd Mangrum is 10 points behind him in second place and nobody gives him a chance to forge ahead unless Hogan should have an unexpected crack-up and Hogan isn't in the habit of cracking up anywhere at any time.

## BILLY CONN IS TAPERING OFF

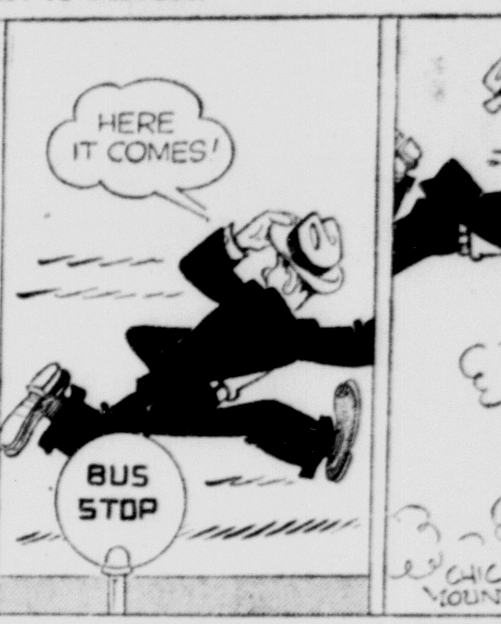

GREENWOOD LAKE, N. J., June 4.—(INS)—Billy Conn appears to be so fast and sharp for his coming heavyweight title bout with Joe Louis that he is tapering off in his training. Billy boxed only six rounds Sunday instead of the usual eight or nine. Furthermore, he was idle Monday.

Leo Houck, veteran Penn State boxing coach, lends Joe Bedenk a helping hand with the Lion baseball team.

## IT'S TIME TO Fresh Up with DUPONT PAINTS

Come to our new retail salesroom in Mt. Jackson for your Du Pont paint needs! We stock the complete line of these famous paints from the "wonder world of chemistry". Our stocks at present are fairly complete and most products are of the highest post-war quality. High quality paints will remain scarce for quite sometime. This is your opportunity to paint up now.

## Keeps White Houses White

### IT'S SELF-CLEANING!

Du Pont House Paint contains titanium—the whitest paint pigment known. And through a "self-cleaning" process it stays white—when other whites are dirty and gray. Yet it costs no more than other good house paints!

Ask us to recommend a good painter—and he will gladly use Du Pont House Paint.

White and Light Tints \$3.35 Gal.

## COVERS DINGY WALLS AND WALLPAPER IN ONE COAT!

### IT'S SPEEDY! IT'S EASY!

You can paint right over that drab, unsightly wallpaper, or over plaster walls, with Du Pont Speed-Easy—and use the room the same day! No trick to applying Speed-Easy—simply mix with water and paint your way to new home beauty. One gallon makes 1½ gallons, enough for average room.

DUPONT SPEED-EASY \$2.95 Gal.

## "ONE COAT MAGIC" FOR ALL FLOORS

### For FURNITURE WALLS WOODWORK

Anyone can paint with DUPO! Floors on smoothly, dries overnight to a brilliant finish. Washable, too.

## Boy Is Killed In Childish Quarrel

WHITESBURG, Ky., June 4.—(INS)—Police today attributed the fatal shooting of 14-year-old Billy Houston by a playmate of the same age to a childish argument. Officers said Houston quarreled with Duddy Hall yesterday in the mining town of Hemphill, and that the latter schoolboy leveled a 12-gauge shotgun at his friend. The blast blew off the top of Houston's head.

The Hall boy was held in Whitesburg jail.

## State Observers See Warm Battle

### Conditions In Coming November General Election Are Cited At Capital

## OTHER NEWS OF STATE AFFAIRS

HARRISBURG, June 4.—(INS)—Some politicians at the state capital have expressed beliefs that the Republican party may capture a large part of labor's vote in the general election November 5 because of the anti-strike legislation submitted to congress by President Truman. Democratic leaders were confident, however, that their candidate, headed by U. S. Sen. Joseph E. Guffey of Pittsburgh, seeking a third term, would receive strong support from the political action committee, offshoot of the CIO, and the American Federation of Labor. Guffey has been known as a strong supporter of labor.

Although several leaders have predicted that the main battle in the fall campaign would be between Guffey and his GOP opponent, Gov. Edward Martin, some chiefs believe the contest between incumbent Secretary of Internal Affairs William S. Livingston, Jr., of Somerset, and Sen. Al Schmid, blind Philadelphia marine hero, may supply the most fireworks. It has been reported that the Democratic candidates would concentrate their attacks on Livingston, who has been attending law school at Dickinson college in Carlisle during working hours.

A little dissension has started spreading through the rank and file of the Democratic party but there was no indication it would spark a political explosion similar to the one which marked the 1938 campaign. State Treasurer Ramsey S. Black, a Guffey lieutenant, has little regard for Mayor David L. Lawrence of Pittsburgh, former state committee chairman and Democratic "boss" in the state. Black's feeling is shared by all of Guffey's aides who see their sponsor being pushed into political oblivion by Lawrence's powerful faction. Lawrence moved a step nearer the high command's inner circle after Guffey made the political mistake of supporting Henry A. Wallace for vice-president. If defeated in November, Guffey probably will drop out of the political picture unless he persuades some official in Washington to give him a job.

This year marks the 36th anniversary of the founding of the Pennsylvania State Chamber of Commerce, which has members in 316 communities located in 65 of the commonwealth's 67 counties. "Millions of dollars have been saved Pennsylvania businessmen through tax revisions and other helpful legislation initiated by the state chamber," PSCC report bragged. "This has been an extra dividend to business over and above the services of the chamber in combating harmful legislation and in keeping its members informed on the application of major new laws and regulations to industry and trade."

## Hold Operator Following Crash

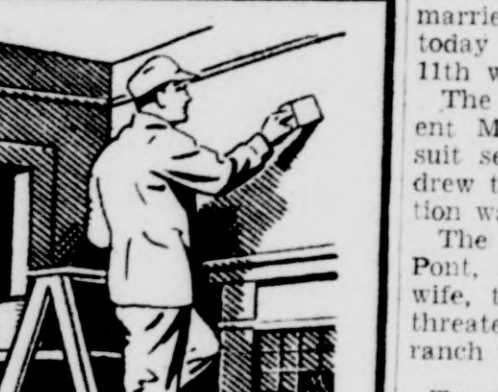

When the auto of Clinton McFadden, R. D. 7, reportedly struck a trailer and semi-trailer, operated by Arthur Bari, Toledo, two miles east of New Castle on Route 422 at 12:45 a. m. today, considerable damage was done.

State police brought McFadden here, and according to state police he will be arraigned on a charge of operating a motor vehicle while intoxicated. The vehicles were operating in different directions.

## ELLIS KEGARISE RECEIVES RELEASE

E. M. 3-c Ellis Kegarise has been released at New Orleans, La., after serving for two and a half years in the U. S. Navy. He served for two years on a rescue tug in the E. T. O. A brother, First Lieut. Dale Kegarise, who is now stationed in Japan, has been in service for 42 months.

They are the sons of Mr. and Mrs. A. W. Kegarise, of the Wilmington road.

## Inflation Hits Pittsburgh Area School Tuitions

PITTSBURGH, June 4.—(INS)—The current inflationary trend has caught higher education in its tentacles.

A survey of Pittsburgh schools and colleges showed that almost every institution has made plans to boost tuition next semester.

Fathers of daughters attending Pennsylvania College for Women will have to pay \$400 a year, beginning next fall, school authorities announced. The tuition last year was \$380.

Carnegie Tech announced a year-end hike from \$400 to \$450 a year in colleges of engineering and fine arts.

At Shadyside Academy, an exclusive prep school for boys, rates for senior day students will have to pay \$325 instead of \$475; boarding students \$1,275 instead of \$1,175 and seven-day students from \$1,275 to \$1,375.

School authorities pointed out that the cost of living was the blame for the higher cost of education.

## Attend Graduation Exercises At Nyack

Miss Ruth Hess, Of R. D. No. 1, Graduates At Missionary Training Institute Monday

Rev. and Mrs. Enos Hess, and daughter, Pauline, Mrs. Hannah McElrath and Buena Vista McElrath, all of R. D. No. 1 are in Nyack, N. Y., where they attended the graduation exercises at the Missionary Training Institute, of the former daughter, Miss Pauline Hess, a student at that school.

The commencement address was delivered by Dr. Z. T. Johnson, president of Asbury college, Wilmore, Kentucky, at 10 o'clock, Monday morning, at which time the exercises were held.

Miss Hess is a graduate of Taylor University, plans to take up nursing pursuant to her appointment to the foreign missionary work of the Christian and Missionary Alliance. She eventually plans to take up work in the Congo, where her parents, who are now on furlough, are missionaries.

Upon her return here, Miss Hess plans to engage in Daily Vacation Bible school work for the summer months.

Miss Nancy Mack daughter of Mr. and Mrs. Harry Mack, 929 Adams street, is also a student at the Missionary Training Institute and witnessed the exercises. She will spend the summer at her home here, returning to the school in September.

## Former President Of Soviet Union Taken By Death

LONDON, June 4.—(INS)—Reuters reported from Moscow last night that Mikhail Kalinin, former president of the Soviet union, is dead.

The 70-year-old Kalinin, who held the Soviet presidency since 1919, resigned on March 19, giving ill health as his reason.

Reuters said Kalinin died at 10:03 a. m. (4:05 a. m. EDT) "after a prolonged illness".

Born November 20, 1875, in the village of Verkhnyaya Troitska, in what is known as the Kalinin region, Kalinin worked at an early age as a factory apprentice, attending evening school and studying independently, he entered the revolutionary movement at an early age.

Joining Lenin's league for emancipation of the working class and the Russian Social-Democratic Labor party in 1898, Kalinin figured in every major revolutionary movement until establishment of the Soviet Union.

On Lenin's proposal, he was elected chairman of the all-Russian executive committee in 1919.

## Eleventh Wife Seeks Divorce

RENO, June 4.—(INS)—Arthur A. "Frenchy" DuPont, Reno's most married man, was named defendant today in a divorce suit filed by his 11th wife, Mrs. Marguerite DuPont.

The charge was cruelty. The present Mrs. DuPont filed a previous suit several months ago but withdrew the action when a reconciliation was effected.

The new action charged that DuPont, a barber by trade, beat his wife, threatened her life and also threatened a guest at the dude ranch which she conducts.

Two hundred Montreal school children, armed with sticks and stones, chased a frightened bank bandit until he leaped into a police cruiser for safety. Who said the younger generation wouldn't be able to take care of itself?

## Annapolis School, Military Academy Report Vacancies

### Congressman Graham Reports One Vacancy At Each School From This District

Congressman Louis E. Graham announced today that he has been informed by the War Department that vacancies exist at West Point and Annapolis for appointments from the 25th Congressional District. The district will be entitled to the appointment of one cadet to the Military Academy, and one midshipman to the Naval Academy for 1947.

Appointees for West Point must be between the ages of 17 to 22, excepting those who have served honorably not less than one year in the armed forces during the present war. In the latter case, the age limit is extended to 24.

Naval Academy appointees must be not less than 17 years of age nor more than 21 years old on April first of the calendar year they enter the Academy. Appointees serving in the present war for not less than one year are given an age extension to 23 years.

### Other Requirements

Due to the exacting physical requirements at both the schools, preliminary examinations of applicants are required prior to the mental examination.

All applicants must be bona fide residents of the 25th Congressional District of Pennsylvania, composed of Butler, Lawrence and Beaver Counties.

Competitive, qualifying examinations will be conducted for all boys, under the supervision of the U. S. Civil Service Commission. There will be one principal and three alternates for each vacancy.

These preliminary mental tests, to be held in the three counties July 24, 1946, are for the designation of candidates and not for admission to the academies. All qualified applicants desiring to compete in the preliminary examinations are requested to notify Congressman Graham at room 1628, New House Office Building, Washington, D. C. not later than June 15.

Those boys interested should write at once for an application blank and they will be furnished every consideration, and full details.
